FIRE SWEEPS MARICOPA

BOY SLAYER LYNCHED BY MOB

Whitting of Stick Leads Up to Murder and Hanging of Mexican

Crowd Takes Lad From Jail and Swings Him by Chains to Telegraph Pole

THORNDALE, Texas, June 20.—The whitting of a stick led to the killing of Charles Zeitung, a garage owner, and the subsequent lynching of a Mexican youth here last night. The sheriff of Milam county is on his way to Thorndale to investigate. The Mexican, a lad of about 18 years, whose name has not been ascertained, was sitting on the sidewalk in front of Zeitung's garage last night industriously whittling his pocket knife and making a pile of shavings. Zeitung protested against the littering up of the entrance to his place of business and ordered the youth to stop. This, according to bystanders, angered the Mexican and he stabbed Zeitung through the heart. The youth was arrested and lodged in the town jail. Shortly after midnight, a mob of about 100 men stormed the prison and secured the Mexican with little difficulty. Some of the party went for ropes, but others in the crowd were impatient and held up a Mexican truck farmer, who was driving a load of watermelons to market. The team was unhitched and the four melons fastened together. One end of the chain was fastened about the neck of the youth and another boy climbed a telegraph pole, throwing the free end over a beam. The Mexican was hoisted to a foot spike in the pole. The crowd then dispersed. The lynching occurred on the principal street of the town.

Four Young Men Take Youth From House and Hang Him

CODY, Neb., June 20.—Charles Sellers, a young ranchman living twenty miles south of here, was taken this morning from the home of Jack Hutch, a neighbor with whom he was spending the night, and hanged to a telegraph pole by four young men, sons of neighboring ranchmen. Hutch attempted to defend Sellers. It is stated, and was driven back at the point of a shotgun. The lynching is alleged to have resulted from a quarrel between Sellers and a member of the quartet over the sister of another member of the party. Following an inquest the sheriff arrested George and Alma Wood, Kenneth Murphy and Harry Heath, who are charged with the killing. The prisoners were rushed to Valentine in automobiles to prevent any attempt of friends to rescue them from the officers. The dead man and the boys under arrest belonged to prominent families.

Baby Boy Holds Up Steel Trust Inquiry

Arrival of Infant at the Home of Representative Stanley Delays Corporation Probe.

NEW YORK, June 20.—A Washington dispatch says: One small boy has held up the inquiry into the biggest corporation in the United States, the investigation of the steel trust by the Stanley committee of the House. A baby boy arrived in the family of Representative Augustus O. Stanley at his home in Henderson, Ky., yesterday.

Bullion Thief Is Given Year Sentence

Elmer E. Smith Only Member of Alleged Gang to Go to Prison.

SAN FRANCISCO, June 20.—Elmer Smith, the only member of the gang of bullion thieves to suffer for the theft of more than \$50,000, was given one year in San Quentin today by Judge Cabanis. He pleaded guilty to the indictment against him, after the district attorney had dismissed the charges against his wife and two alleged confederates.

GIRLS NEAR DEATH IN WAVES BOAT OVERTURNS IN THE BAY

MISS CARMELITITA THEOBALD of Alameda, who narrowly escaped drowning when a small boat was overturned.

Miss Carmelita Theobald and Friends Get Unexpected Ducking

ALAMEDA, June 20.—Miss Carmelita Theobald, daughter of Mrs. Annie Theobald of this city, and two friends, Miss Alice Carey of Piedmont and Miss Frank Davey of San Francisco, narrowly escaped drowning yesterday when the small boat they were rowing overturned. A heavy squall arose and the two young women with Miss Theobald became excited and stood up, and the boat was swamped by the whitecapped waves.

The boat was in shallow water at the time of the accident and the three girls found that they were able to stand up with their heads just above the water. Their screams attracted a member of the Encinal Yacht club, who was out rowing, and he picked them up, towing the overturned boat behind.

FEARLESS ON WATER.
Miss Theobald, who is a fearless rower and swimmer, suggested a boat ride to her friends, although a sharp breeze was blowing at the time and the water in and around the Encinal Yacht club, of which Miss Theobald is a member, was choppy and uncertain. Neither Miss Davey nor Miss Carey are experienced boatwomen, but trust themselves to the keeping of Miss Theobald. They did not venture far from the shore on account of the rough sea, and had only been rowing for a few minutes when the waves struck the boat, which started to rock violently, and the two young guests of Miss Theobald became excited and jumped to their feet, screaming. Miss Theobald ordered her friends to remain quiet as they were endeavoring both their lives and hers by jumping around in a boat when a heavy sea was running. The young women disregarded her order and when an extra heavy wave struck the side of the boat they were overturned. "We were rowing off the foot of Union street yesterday when we overturned," said Miss Theobald. "We are not dead, though, and the only danger we suffered was a good soaking."

'Wild Bob' Burman Quits Racing Sundays

Famous Auto Driver Promises Mother Not to Speed Up on the Sabbath.

PLINT, Mich., June 20.—To fulfill a promise to his mother, "Wild Bob" Burman, the speed king, declared yesterday that he would never again indulge in automobile racing on Sunday. As a result of his decision one Sunday meet has already been canceled.

Nellie Bly Fleeced By Dishonest Employes

Frauds of More Than \$1,000,000 Revealed by Investigation of Woman.

NEW YORK, June 20.—According to a statement by Mrs. Elizabeth Seaman, once famous as "Nellie Bly," her investigation of the affairs of her bankrupt business concern, the Ironclad Company of Brooklyn, has revealed frauds of more than \$1,000,000 by untrustworthy employes during the last ten years.

LORIMER INQUIRY BEGINS

Senate Committee Again Turns Searchlight on Election of Accused Solon

Cyrus H. McCormick Is the First Witness to Go on the Grill

WASHINGTON, June 20.—Little but hearsay evidence was brought out today when the Senate Lorimer investigating committee held its initial hearing in the inquiry that is to go deep into the charges of corruption in the election of the junior senator from Illinois. Cyrus H. McCormick, president of the International Harvester Company, was before the committee to tell what he knew of the collection of a \$100,000 fund alleged to have been used in Lorimer's behalf. He testified that Clarence S. Funk, general manager of the company, had told him of activity in behalf of Lorimer and that their corporation had been invited by Edward Hines of the Hines Lumber Company to contribute to the election fund.

PROTEST OVERRULED.
William J. Hines, personal counsel for Edward Hines, objected to the line of questioning. He was overruled. "What did Mr. Funk say to you?" asked John H. Marble, one of counsel for the committee. "Mr. Funk came to me in my office," said Mr. McCormick, "and said that Mr. Hines, at the Union League club in Chicago, had approached him on the subject of our company making a contribution. The object was to obtain a contribution to a fund which he understood was to be made to recoup expenditures in connection with the election of Senator Lorimer. Mr. Funk told him his suggestion could not be considered. I told him I was glad that he had declined, and that practically ended the incident." Marble took the lead in the questioning of McCormick. "Are you a relative of Medill McC."

Strike Plays Havoc With Coronation Plan

Thousands Will Be Unable to Witness the Great Naval Review.

LONDON, June 20.—The seamen's strike is playing havoc with the plans of those who had arranged to witness the great naval review by King George at Spithead on Saturday. In addition to the fleet—going vessels of the Union Castle line, the sailing of which to the naval review was canceled last night, the Royal Mail steam packet line announced today that it was obliged to withdraw four big ships which had been chartered to attend the sea pageant. These eight ships long ago sold out their entire accommodations for Saturday and thus thousands at the moment are deprived of the spectacle.

Youth Is Cremated Under Burning Tree

Woodsmen Find Charred Body of Boy Under Smoldering Log.

SEATTLE, June 20.—Arthur Weston, 16 years old, was caught beneath a burning tree and was burned to death at Ninety-third street and Phinney avenue. He had been watching woodsmen clear logged-off land and lingered to watch the flames race up a dead tree. When the blazing tree fell he was caught and pinned to the ground. No one saw the accident and his plight was not discovered until two hours later, when some woodsmen found his charred body under the smoldering log.

Mormon Church Leader Ordered to Washington

WASHINGTON, June 20.—The subpoena of the House of Representatives was today sent to the United States marshal at Salt Lake City to be served on Joseph W. Smith, head of the Mormon church, requiring his presence before the committee which is investigating the so-called sugar trust.

KING TRIES ON HIS CROWN CEREMONY IS REHEARSED

The Duke of Norfolk, Earl Marshal of the United Kingdom, who has charge of all the Coronation arrangements.

Royalty Prances About, Crowns on Heads, While Visitors Stand Agape

LONDON, June 20.—A full dress rehearsal of the coronation ceremony, the reception of envoys from foreign lands by the King and Queen at Buckingham Palace, the state banquet to royal guests and representatives of the heads of states and the Shakespearean ball at Albert Hall make up today's crowded program of events directly connected with the crowning of King George and Queen Mary. The coronation rehearsal will depict the ceremony practically as it will be performed on Thursday. The Shakespearean ball will be a notable affair, as it is expected that King George and Queen Mary and nearly all of the members of royalty will be present. The state banquet at Buckingham Palace tonight will be the most elaborate of the kind ever given in London. The famous Windsor gold plate will be used. Aside from these events there are a large number of lesser features constantly occurring incident to the continuous arrival of distinguished foreigners and the innumerable semi-official dinners, garden parties, receptions, exhibitions and private events which have sprung up in connection with the coronation festivities. Royal carriages conveying the nation's representatives on rounds of visits, the passing and re-passing of contingents of troops, and a ceaseless stream of sightseers with a big sprinkling of bright apparel affected by the dwellers of both the near and the far East furnished the feature of the day. Among the troops were many in strange foreign uniforms and continental regiments of which King George is an honorary colonel. Enormous crowds gathered early in the vicinity of Westminster Abbey for the coronation.

House Passes Underwood Wool Tariff Revision Bill

WASHINGTON, D. C., June 20.—The House today passed the Underwood wool tariff revision bill, 221 to 100, a number of Republican insurgents voting with the Democrats.

Water Surrounding Maine 15 Feet Below Sea Level

HAVANA, June 20.—The water in the coveffand surrounding the wreck of the battleship Maine had been lowered fifteen feet below the sea level at 10 o'clock this morning. This is the lowest point to which the water has fallen and a great additional area of the wreck was uncovered. No further recovery of relics or bones was made.

Score Scalded in Collision On Central Vermont Road

RANDOLPH, Vt., June 20.—A score or more of passengers were scalded or severely shaken up in a collision on the Central Vermont railroad here today between the Boston & Maine Express and a freight train. The express train left Boston at 7:30 last night for Montreal.

LIVE WIRE KILLS ONE MAN

Chief Fred Ball Goes to Death Fighting Flames That Destroy Business Section

Loss Estimated at \$150,000; Defective Wiring Given as Cause

BAKERSFIELD, June 20.—Fred Ball, a prominent business man of Maricopa and chief of the fire department, was instantly killed by a live wire while fighting fire that destroyed half of the business section of Maricopa at an early hour this morning. Many fire-fighters were injured by falling timbers. The fire was entirely under control at 6 o'clock this morning, according to the meager reports obtainable. The fire broke out at 3 o'clock. All telephone and telegraph wires are down. The loss is widely estimated. But it will reach more than \$100,000. More than a dozen business concerns, a hotel, two banks and the telephone exchange, were destroyed.

STARTS IN HOTEL.
The fire was confined to the south side of Main street. It started around the corner in the rear of Carter's Hotel, from a cause unable to be accounted for. The big frame structure was soon ablaze and the fire spread in both directions, burning the telephone office, telegraph office and a number of small buildings on the south, and the saloon of Fat Rioran, on the corner to the north. From here it traveled west on Main street and was finally checked a block away at an open lot just east of the Gundlach Shoe Company's establishment. It is said that the north side of Main street escaped.

DEFECTIVE WIRING.
The fire originated from defective wiring. The flames were first discovered breaking out from the eaves of the pool-room in the rear of Carter's Hotel. During the early part of the fire the water supply was low, but increased pressure was added later, and the flames restricted to the district on the south side of Main street. The heat was intense, and during the hour that the fire was at its height the north side of Main street was in constant danger. The exterior of the buildings were badly damaged by the heat and water. Considerable loss was suffered by the merchants from the wetting of their stocks. A large quantity of goods was moved from the endangered buildings.

Fred Ball met his death on the roof of the Bank of Maricopa building. With Danny Woods and several other fire-fighters, he carried a string of hose up a ladder, and in gaining a point of vantage, came in contact with a live wire. He shouted a warning to his companions behind him. Two of them were also burned. Woods most severely. Following is a list of the burned buildings: Bakery, Western Union office, telephone office, Carter's Hotel, two saloons, two poolrooms, jewelry store, two fruit stores, barber shop, restaurant, Bank of Maricopa, meat market, tailor shop, hardware store, furniture store, military store, ladies' furnishing store, Gundlach Shoe Store, and two residences.

Cardinal Deplores Loss Of Life in Aviation

The Reckless Aeroplane Flights Should Be Prevented, Says Eminent Churchman.

BALTIMORE, Md., June 20.—Cardinal Gibbons is greatly grieved by the number of fatalities to aviators recently. In a statement published here today he declares that he would like to see something done to put a stop to reckless aeroplane flights. "I am not prepared to go into any details about the best method to prevent this appalling loss of life," says the Cardinal, "but I would help in any way I could to devise means to put a stop to reckless flying."

Captain Conboy's New Trial Set for July 17

SAN FRANCISCO, June 20.—Superior Judge Trabucco this morning set the second trial of Michael J. Conboy, former captain of police, for July 17. Conboy was convicted of manslaughter for the killing of Bernard Lagan, but obtained a reversal from the Appellate Court.

CORONER WALSH DIES AS RESULT OF AUTO CRASH

Injuries Bring On a
Fatal Attack of
Pneumonia

SAN FRANCISCO, June 20.—Surrounded by his relatives and closest friends, and attended by Father Joseph McQuade of Sacred Heart Church, Dr. William J. Walsh, coroner of the City and County of San Francisco, died at 5:23 o'clock this morning at Mt. Zion Hospital. Death was due to pneumonia and was the direct result of injuries sustained by the coroner on Sunday, June 11, when he was hurled a hundred and fifty feet over an embankment near Muir Woods while driving his automobile on a pleasure trip.

Dr. Walsh was conscious at the last, but was unable to speak. He recognized his relatives, who were grouped around his bedside, and who had been with him throughout the night. Those who were on hand when the end came were his wife, Mrs. William J. Walsh, his daughter, Mrs. Mary Walsh, and his two brothers, Thomas and James. His closest friends, Dr. C. A. Glover and Chief Deputy Coroner Joseph Kelly and Dr. Tilton E. Tillman were also present.

WELL-KNOWN OFFICIAL.

Dr. Walsh, who was 30 years old, was one of the best known officials about the bay. He was coroner during the earthquake and fire, and earned the highest commendation from officials of the city and of the military forces for the manner in which the dead were handled during that time of strife and excitement. He took office first in January, 1900, and again in January, 1910. He was re-elected to his former position on the Union Labor ticket. He ran for election in 1908, but was defeated by Dr. T. B. W. Leland.

Dr. Walsh was on a pleasure jaunt when the unfortunate accident, which was the direct cause of his death, occurred. Only his own thoughtfulness and care for his loved ones prevented the entire party, consisting of Mrs. Walsh, their two children, John aged 4, and Mary, aged 2, from being hurled over the embankment. On proceeding up the unfamiliar road the coroner became suspicious of the ending and requested his passengers to alight while he endeavored to turn the car himself.

GOES OVER BLUFF.

Suddenly the machine started forward and precipitated him over the bluff. He was caught among some bushes 150 feet below and his brave wife climbed down, forgetful of her own safety, until she reached his side, ministering to him until ropes were lowered and he was drawn to the surface. It was found that he had

THE LATE DR. WILLIAM J. WALSH, coroner of San Francisco, who died today as the result of an automobile accident.

received a frontal fracture of the skull, bruises and abrasions of the body, and a fracture of the eighth rib. It was this last-named injury which brought about his death. The lung was punctured and his physicians, fighting for his life, were unable to prevent the coming of dread pneumonia, which found him wasted and physically unable to withstand the shock.

He rallied yesterday morning and hope was entertained for him, but last night it was seen that the end was approaching, and Father McQuade and his friends and relatives were summoned to his side.

GLOVER TO SUCCEED.

Dr. C. A. Glover, who was appointed autopsy surgeon by Dr. Walsh on his taking office, it is understood, will be selected by Mayor McCarthy to fill the vacancy caused by his death. The mayor, on being apprised of the coroner's passing, so assured Dr. Glover this morning. The appointment is to be made on Monday next. Meantime Justice of the Peace Creighton is acting coroner.

where the peers and peeresses furnished a free show, many arriving for the coronation rehearsal wearing their robes and carrying their coronets uncovered.

There was nothing else to be seen in the vicinity of the palace, which is bare of decorations, but thousands stood throughout the day peering through the railings and satisfied to watch the entry during the intervals between functions when the court was resting.

John Hays Hammond, special United States Ambassador, had a well-filled day. With Mrs. Hammond he lunched at Kensington Palace, the guest of Princess Louise, who is an old friend of the Hammonds. At the luncheon he met Princess Henry of Battenberg.

At 3 o'clock this afternoon Hammond had an audience with the king at Buckingham Palace. At last night's banquet at Buckingham Palace, given by the king and queen to the special representatives of the various powers, Hammond took the queen's sister-in-law. Seated at the same table with the American special ambassador were Prince Henry of Prussia, the Chinese Prince, Tai-

Chien, eldest son of the regent of China; the hereditary Princess of Saxe-Meiningen, who is a sister of Emperor William, and the Prince of Monaco.

Before the dinner Hammond was introduced to the king by the Duke of Connaught, and following the banquet the special ambassador introduced his staff to his majesty. Later in the evening the king specially sent for Hammond and conversed with him for some time.

AMERICA'S BIG SHIP.

The fleet of foreign warships here for the coronation was made complete this morning by the arrival of the German cruiser, Von Derann. Sixteen nations are represented at Spithead. The American battleship Delaware takes the premier place, both in the matter of size and armament. The foreign naval officers came ashore in large numbers and attended a reception given by Admiral Sir Arthur W. Moore, commander-in-chief of the British naval station at Portsmouth, at Admiralty house. A garden party given at Admiralty house this morning attracted a brilliant international throng.

TARIFF BOARD TO REPORT IN DECEMBER

Information Wanted by Congress Not Available, Says Taft.

President Sends Message to Congress Concerning the Wool Schedule.

WASHINGTON, June 20.—In a special message to the House of Representatives today President Taft stated that the tariff board would not be ready to submit a comparative report on woolen and cotton schedules of the tariff law until December next.

The President's message was called out by a House resolution requesting him to transmit at once all of the information procured by the tariff board relating to wool and the manufacture of wool. Mr. Taft included in his message a statement from the tariff board as to the status of its inquiry and also a statement by a committee of the National Tariff Commission Association, which recently conducted an investigation of the methods of the tariff board. This report was highly commendatory of the board's work.

PRESIDENT'S MESSAGE.

Mr. Taft's message found the House engaged in final discussion of the Underwood tariff revision bill, which it expects to pass before adjournment today. President Taft said he transmitted the House resolution to the board which in reply prepared a statement enclosed. In this statement the board said that statistics compiled by it from the latest available foreign and domestic sources covering the production, distribution and consumption of wool and woolen manufactures had already been transmitted on request to the ways and means committee of the House and used by it. The board declares it is conducting an inquiry which involves original research work that is world-wide in its scope.

INFORMATION INCOMPLETE.

"This incomplete information," the board says, "necessarily is fragmentary in character and is not sufficient to enable the board to make a comparative report on wool and cotton schedules in time for forwarding to congress next December."

The President says in part: "The board was first engaged in assisting the executive in the discharge of his duties under the maximum and minimum clause of the Payne-tariff bill. Its intention was then directed to accumulation of information for use in connection with the reciprocity agreement made with Canada."

"The sundry civil appropriation act of last year provided that if a commission or board was established it should report on the wool schedule by the first of December. The tariff bill was lost, but under the discretionary power vested in me, I appointed a board as near like the one described in the act as possible, as possible—a non-partisan board of five members—and I directed them to make the examination into the schedule, its meaning and the cost of production of wool and of woollens in this country and abroad and to have their report ready by the first of December."

"Meantime, the board is not in a position to transmit anything except what has already been sent to the ways and means committee."

WORK OF BOARD APPROVED.

"In order that congress may more fully understand what the board of experts is engaged in, I transmit, in connection with their statement a report by a committee of the National Tariff Commission association, which applied to me for permission to investigate the methods of procedure of the board of experts and the scope and progress of the work. Their judgment is shown in the following paragraph: 'In concluding a committee finds that the tariff board is composed of able, impartial and earnest men who are devoted to the work, and that congress and the people can await the completion of that work with confidence, that it is progressing as rapidly as consistent with proper thoroughness and that it will amply justify all of the time and expense it entails. We believe that the value of the work when completed will be so great and so evident as to leave remaining no single doubt as to the expediency of maintaining it as a permanent function of the government for the benefit of all the people.'"

ELOPERS SEND NOTE OF WEDDING

Miss Grace Smith and Alex
McQuarrie Marry in San
Rafael.

Announcement was made in Oakland today of the secret marriage on June 14 of Miss Grace Smith, a popular society girl of San Francisco, and Alex McQuarrie, prominent young business man of Oakland.

Without taking any of their friends on either side of the bay into their confidence, the couple eloped to San Rafael last Wednesday, secured the necessary license and were married by Rev. Father Phillips of St. Raphael's Church.

Still keeping the marriage a secret they went to Del Monte, where they are now spending their honeymoon. A note from Del Monte today let the secret out.

Mr. and Mrs. McQuarrie, upon their return from Del Monte, will be the honored guests at a reception to be given by Miss Blanche Steele at the home of her mother, Mrs. M. A. Steele, 1234 Myrtle street. The bride is the daughter of T. B. Smith, a wealthy mining man of Jamestown, Tuolumne county.

SECOND LORIMER INQUIRY BEGINS AT WASHINGTON

Cyrus McCormick First Witness to Be Put on the Grill by Investigating Committee

(Continued From Page 1)

Cormick of the Chicago Tribune?" he asked.

"Yes, McCormick is the son of a cousin of mine. We are good friends but are not related in business or political affairs."

NEVER MET LORIMER.

The witness said he had never met Senator Lorimer and when questioned as to difficulties about taxes, admitted that he had some, but had not contacted Lorimer on them.

Asked if Funk had mentioned any other persons in connection with the collection of the fund, McCormick replied that he had brought in the name of Tilden of the National Packing Company.

As to the editorial in the Chicago Record-Herald concerning the alleged fund of \$100,000 in behalf of Senator Lorimer, the witness said that about the time the article appeared Funk had told him he had given the facts to H. H. Kolsaat, the editor of that paper, and said that he had advised that Kolsaat be relieved from his pledge of secrecy.

SECOND INTERVIEW.

McCormick said Funk had told him of a second interview with Hines and that Hines had sought him out to tell him, promised to take a far wider range than the one of last winter, which, after a bitter fight, resulted favorably to Lorimer.

The new committee appointed by resolution of the Senate had not expected to begin its hearings until Thursday the 22d, but the desire of a material witness to get away to

Europe brought about a decision to begin the taking of testimony today with Cyrus H. McCormick, president of the International Harvester Company, as the first occupant of the witness chair. Room 801 of the Senate office building, a large and airy apartment, has been set apart for the use of the Lorimer committee.

MCCORMICK INVOLVED.

McCormick was brought into the case in connection with the testimony given to the Helm committee of the Illinois Senate by Clarence S. Funk, manager of the harvester company, but he was not himself a witness before that committee. It was not expected that his testimony would be extensive as from Funk's statement his own knowledge of the alleged irregularities in connection with the Lorimer election consisted of what Funk had told him of his reported conversation with Edward Hines relative to the raising of the fund of \$100,000 in Lorimer's behalf.

The committee of eight is prepared to proceed with the work as rapidly as circumstances will permit. The first meeting was called for 11 o'clock today, after which it was expected that an adjournment would be taken until Thursday. The committee continues to promise that if possible the work will be concluded during the present session of Congress. Every person mentioned in connection with the case will be examined together with new witnesses, and it is believed that the committee will go to Chicago and Springfield. Lorimer himself will be questioned most minutely.

FOLLOW ALL LEADS.

"We will follow every lead that presents itself," said one of the members of the committee just before the beginning of today's sitting.

The inquiry is in the hands of a select committee, composed of eight members of the committee on privileges and elections, but notwithstanding the relations of the members to that committee this organization will be entirely independent of it. Having been directly authorized by the Senate, the committee will be responsible only to that body. It is in no sense a sub-committee.

Of the eight members of the special committee, four—Dillingham of Vermont, Gamble of South Dakota, Jones of Washington and Kenyon of Iowa—are Republicans, and four—Johnson of Alabama, Fletcher of Florida, Kern

of Indiana and Lea of Tennessee—are Democrats. The members are supposed also to be divided evenly for and against Lorimer, but as of course, realize that they are to act as judges, and that therefore they must enter upon their duties prepared to change convictions if the evidence should be of a convincing character in the direction opposed to their views.

HOW THEY STAND.

The members classed as favorable to Lorimer are Dillingham, Gamble, Johnston and Fletcher, two Republicans and two Democrats; and those against him are Jones, Kenyon, Kern and Lea, two Republicans and two Democrats. All of the pro-Lorimer men were members of the last Congress and cast their votes for the Illinois senator in the investigation made by that Congress.

Senator Jones is the only anti-Lorimer man who had an opportunity to change his previous roll call. Kenyon, Kern and Lea are all new men, but they have made open expression of their conviction that the facts in the case are sufficiently against Lorimer to justify his expulsion from the Senate.

The committee will have the assistance of John H. Marble, an attorney for the interstate commerce commission, and of John J. Healy, who acted for the Illinois Senate committee in the same capacity. Former Judge Elbridge Hancey of Chicago will be counselor for Lorimer, as he was in the previous inquiry.

As now arranged, the first witness on Thursday will be former Governor Richard Yates of Illinois, but there has been no decision as to who shall follow him. It is expected, however, that Funk will be called at an early day, as most of the facts brought out by the Illinois inquiry were the result of his testimony before the Helm committee. Lorimer is not expected to appear until much later.

Bowels Act Fine After A 'Cascaret'

Keeps Millions of Folks Feeling Good
All the Time—No Headache, Biliousness, Constipation or Bad Stomach.

It is a great deal more necessary to keep clean on the inside than on the outside. Cascarets are more important than soap. The pores of the skin may become clogged with dirt, but they don't absorb the impurities. The pores of the bowels do.

There are myriads of pores in the bowels, the duty of which is to absorb the nutriment from food. That's how we get our nourishment. But if the bowels are sluggish the food is delayed. It decays and forms gases and poisons. Then those pores of the bowels suck poison into the blood. That's how we get our ills.

We urge the habit of cleanliness. Don't wait till you need a physic. That leaves too much of the time when you are only half well. Keep yourself at your best. The right way is to carry a 10-cent box of Cascarets with you. It fits the pocket or purse. Take one just as soon as you know that you need it. It is gentle and sure.

FRUITVALE MAN AMONG MISSING

Police On Both Sides of Bay
Seek Edward C. McConnell.

SAN FRANCISCO, June 20.—The disappearance of Edward C. McConnell, an employee of the Belt railroad, residing at 1434 East Sixteenth street, Fruitvale, has caused the police on both sides of the bay to action, and a vigorous search and investigation is being prosecuted.

McConnell left his work at midnight yesterday morning and was last seen near the ferry building. From that moment his movements cannot be accounted for, and as he is not a drinking man, and is in the habit of going straight home, his disappearance is considered mysterious.

G. W. Cunard of 5012 Grove street, Oakland, a friend of the family, has taken up the search and this morning appealed to the detective department.

BANKER CARLSTON IS BACK FROM HIS TRIP TO EUROPE

Financier Tells of Enjoyable Vacation

Glad to Be at Home
After Six Weeks
Spent Abroad

Joseph F. Carlston, president of the Central National Bank of this city, is at home again after a six weeks' journey in Europe. He arrived yesterday afternoon in excellent health and is today at work in his accustomed place in the bank receiving congratulations upon his pleasure abroad and the excellent appearance which he presents regardless of the worry and tedium and the exhaustion which are the accompaniments of a trip in foreign lands.

GLAD TO BE AT HOME.

Notwithstanding that Mr. Carlston has seen hundreds of the most attractive things in foreign climes and has admired the great structures, and been inspired with an appreciation of the elegance of the leading people of Europe with whom he came in contact, he is still delighted to be at home and declares that he would not give Oakland for anything that he has witnessed abroad.

This was Mr. Carlston's first visit to Europe. It was inspired with a view to taking a rest, but was utilized by the voyager to obtain information on everything and anything, while at the same time seeking relaxation.

Although Mr. Carlston has seen a great deal during his absence he does not intend to have this as his only foreign tour, because, after having seen almost everything that is worthy of being seen in this country, and of this he is an earnest advocate, intends again at some future time to go abroad and increase his information of other men and other nations.

TELLS OF HIS TRIP.

Speaking about his trip today Mr. Carlston said:
"C. C. Taft of the firm of Taft & Penney, who has been abroad many times, and myself, sailed from the city of New York on the 13th of last May in the steamship Berlin of the North German-Lloyd line. We went first to Gibraltar, went ashore and were impressed with the massiveness of that impregnable fortification. We visited the garrison, saw the soldiers who defended the place, watched their methods and manners and movements, and of them I am impressed in a most favorable manner."

"I had read a great deal about this great natural defence, but I was not prepared for the impression which it produced upon me."

"From Gibraltar we went to Algiers. We found this to be a staid place, yet full of interest, especially the old Arabian towns. We were surprised at the places in which we found people in that remote part of the place appeared like dungeons and families, dogs, cats and goats seemed to be all raised together. The modern part of the city is entirely different. There we found magnificent hotels, and the streets as smooth and inviting for a drive as any that I saw in any other part of Europe."

HORDES OF BEGGARS.

"It was very warm there at the time and one of the features which attracted our attention was the universality of beggars. They were to be found everywhere. They put up a most piteous plea for assistance and held out hands to receive if we might be disposed to give them. They are especially importunate when they meet an American. The citizen of this country instead of giving them a copper is most likely to throw a handful of pennies at him. He is the game they are after."

"We did not have much opportunity to pass upon the beauty of the native women because their faces are veiled up to their eyes, and we did not feel disposed to use much time in trying to fathom the beauty of their orbs."

"We then sailed for Naples, where we left the ship for two days. I forgot to state that with us up to this time was

JOSEPH F. CARLSTON, president of the Central National Bank of this city, who has just returned from a six weeks' journey in Europe.

Rev. Mr. Morgan, an Episcopal clergyman of San Francisco, a young man well known on the other side of the bay, who was greatly interested in everything that he saw and heard both in crossing the ocean and while he was on the other side. At Naples we took an auto and went to Amalfi, a town in the southern part of Italy, and while on the way to that place we paid a visit to Pompeii and Sorrento. At both the latter places excavations were being made of towns ruined so many years ago, and at Sorrento, about two weeks before we arrived, they had discovered a big palace, which up to that time had been in the wreck and ruins of centuries.

RUINS OF POMPEII.

"We remained at Pompeii for several hours and took a great deal of interest in visiting some of the structures, the ruins wrought by Vesuvius. They were elegant in design and in many cases the decorations were intact and bore evidence of the grandeur that characterized them in their prime."

"Sorrento was a manufacturing city on the Mediterranean. It manufactures laces, fancy wooden work of Sorrento wood and a number of other attractive articles. At Sorrento we visited the home of Misson Crawford, the American novelist, who wrote so many interesting novels, the scenes of which are laid in Italy and who died a couple of years ago. His widow lives in the place, which she still occupies with her children. The home is a magnificent villa situated on a high cliff on the shores of the Mediterranean. The grounds are quite extensive, magnificent in flowers and shrubbery, which are liberally studded with artistic statuary."

VISIT TO AMALFA.

"We then went to Amalfi, which is a quaint, old-fashioned town, which many of the people engage in fishing with the peculiar old fishing costume. We stayed all night at an old Franciscan monastery, which has, after an existence of nearly fourteen hundred years, been turned into a hotel. As we understood it, the structure was taken from the friars by the church, then turned over to the government, and the government in turn has been commercialized and turned into a hotel."

"It was built on the cliff and the bedrooms in many instances are excavations on the side of the cliff. Our rest there was peaceful and refreshing. I do not know what it was conducted to this—whether it was the atmosphere, the effort in traveling or the religious atmosphere. People become familiar with the place. The old chapel still remains and two of the friars could still be seen in various parts of the grounds."

UNDERSTAND "23."

"The people are unique in dress and wherever we went we found poor people, half-outstretched hands asking for assistance. People become familiar with these, and after a time pay little attention to them. Those whom we met in Italy have learned the meaning of one of our commonplace expressions. If you say '23' to them they understand it. They laugh and go away. They know that they will get nothing and yet they laugh regardless of the fact that a few moments before their faces were as long and sorrowful as if the poor people were about to starve in front of you."

"The roads we found to be magnificent, almost perfect. They are made of crushed rock and ancient and wide enough to allow the passing of conveyances in opposite directions without any effort."

"We made the trip by automobile and with respect to the speed I will say that most travelers in this manner went as fast as they pleased until they met a policeman or a constable. We then slowed up, although I want to say that we took no chance with bringing our journey to a very unsatisfactory conclusion. After the trip to Amalfi, we returned to Naples and then went to Monte Carlo. We stayed at the Hotel De Paris and dined at the cafe of the same name. We went, of course, to the Casino and

found it unlike anything that we had ever seen in this country. What I understood was roulette seemed to be the principal game that occupied the attention of the patrons of the place. There were other games, of course, but I can not imagine what they called them."

"One of the most peculiar features of the place was the presence of women, some of them elegantly gowned. Notwithstanding that there were hundreds of people in the place, the most intense silence prevailed. Most of the men in the chamber were in evening dress. No smoking was allowed. I am free to say that I did not indulge in the game. If I had I would not have known whether or not I had won when the croupier raked in the money which the gamblers had lost."

"It was sad to witness the actions of the women when they lost the money they had played upon the treacherous cards or wheels. There was an intense expression on their faces. They would leave their seats, walk up and down in an almost despairing manner and then after a time something would inspire them to again make the risk and then they would return again to their seats and before long the croupier would be once more raking in the money they had unsuccessfully risked in the never-ending and exciting quest for coin."

CHARGES NOT EXCESSIVE.

"The charges were not excessive for the service which we enjoyed at Monte Carlo. We paid eleven dollars a day for a suite of rooms and the quarters were worth what we paid for them for the reason that everything was the limit of richness and sumptuousness."

"Nice we found to be a quiet place with many things that were both quaint and interesting. And yet there are there modern hotels and most beautiful boulevards. The most prominent of the boulevards is known as the Boulevard des Anglais because of the number of English and American people who visit the place. They have there the same gambling features, though in a minor degree, that they have in Monte Carlo."

THE ETERNAL CITY.

"Rome is the city of the world to me. It is in every way magnificent and yet its home is an extreme quiet. There is something refreshing. We visited the churches, the cathedrals and more especially those of St. Peter and St. Paul's. I can not give you an adequate idea of the magnificence, the proportions, the impressiveness of either of those structures. St. Peter's is the most important from an architectural standpoint, but St. Paul's is the older."

"We visited the catacombs and there saw something that has no counterpart in this part of the world. We entered the place and walked for a while through the subterranean gloom until our eye became accustomed to the place, a music preceding us with a lighted candle and each of us carrying a candle ourselves. We saw the tomb of St. Cecilia, the patroness of sacred music. The tomb was an excavation out of the solid rock. There lay the body in one direction and for a distance of twelve miles. From the floor of the chambers to the ceiling there is a height of twelve feet. The places of interment consist of holes in the walls on either side of the passageway, four holes being placed within that distance, the lowest place being about the height of one's knee."

"In some places the marble slab which once marked the resting place of some person had been taken away and in the excavation one may find the bones of the departed lying upon the floor of the interior. In some instances one finds mummified flesh still adhering to the human form. We saw the body of a young man who had been dead for 200 years. The body was well preserved and there was a fine head of dark brown hair."

VISITED GALLERIES.

"We visited the art galleries, the collection, the statuary exhibit, all of which were of the finest character. At the time there was an international art exhibit there and I am sorry to mention the fact, but we were ashamed at the display that was made by our own United States. The building was poor and shabby and the display was unworthy of this country."

"From Rome we went to Paris and there was nothing of importance that we did not see. But the gay life of Paris is not the real Paris. It is where there is a great deal of American money spent, but that was not the side that we cared to see."

"London was busy making arrangements for the coronation of the King. There, too, I saw things too numerous to mention, and then I went to Liverpool, touched at Cherbourg and then sailed for New York on the steamer Oceanic, of the White Star line, reaching here yesterday afternoon, glad to be back at home again."

"At Paris, Mr. Taft and I parted, Mr. Taft going elsewhere on business. He was in excellent health when we separated."

WOULD BRACE UP PURE FOOD LAW

Sherley of Kentucky Proposes
"Sure Cure" Amendment.

WASHINGTON, June 20.—Representative Sherley of Kentucky today introduced an amendment to the pure food and drugs act providing that false and misleading statements as to the curative value of a medicinal preparation on patent medicine labels be prohibited.

The bill is designed to strengthen the law following the recent decision by the Supreme Court of the United States in the Johnson case, in which it was held that patent medicines were "misbranded" only when misleading or false statements were made on the labels as to the quality, quantity or purity of the ingredients.

"The bill," Sherley said, "is intended to make the pure food law embrace those cases of interstate shipments of worthless medicines and drugs fraudulently held out to the public as possessing curative properties."

B. H. Griffins Appointed to Fill
Vacancy Made by D. L. D.
Windrem's Resignation.

RICHMOND, June 20.—B. H. Griffins was last night appointed city attorney by the city council at its regular weekly meeting. This appointment was to fill the vacancy made by the recent resignation of Lee D. Windrem, who for several years had been the incumbent.

The council took under consideration the awarding of bids for additional street work to be done in the city, the work being for the improvement of Seventh street from Ohio to the boulevard, and Ninth street from Barrett to Pennsylvania avenue. Awards will be made at the next meeting. Contracts for street work on Barrett avenue from the Southern Pacific crossing to Twenty-third street will also be awarded.

The proposition by the Southern Pacific to advertise the city for the sum of \$100 for the coming year, which was to have been acted upon at last night's meeting, was postponed until the next meeting.

"There's a Reason"

ARE GERMS CAUSE OF RHEUMATISM?

Prof. Munyon Denies European Theory That Bacilli Are to Blame for Ill

San Francisco in Grip of Most Painful Ailment, Says Health Expert

Do germs cause rheumatism? "The acid in the blood is the cause of rheumatism," said Professor J. M. Munyon, the wealthy philanthropist and scientist, who claims San Francisco is in the grip of an epidemic of rheumatism. "I do not claim to be the only man with brains," continued Munyon, "but I want to say that so far as my experience goes, I take very little stock in this European theory that germs cause rheumatism. Rheumatism is one of the commonest of complaints, and especially common in this city. Often it begins with simple indigestion or constipation. In fact, I may almost say that a person who has never seen a man with stomach and bowels in perfect condition who suffered from rheumatism. "The stomach manufactures the blood. When there is no catarrhal mucus in the stomach, when the kidneys and the liver perform their functions properly, and the bowels do their work of elimination regularly, the blood is pure, healthy, and rich in life-sustaining elements. Disease cannot exist when the blood is pure. But a stomach weakened by overloading, irregular meals and other abuses becomes inflamed and coated with catarrhal mucus. "Food ferments, decays—literally rot—poison is pumped into the blood and spread throughout the entire system. The kidneys and liver and bowels become clogged up. A person is constipated, gas forms on the stomach causing dizziness and headaches and a general 'run-down' feeling. Uric acid forms, and chalky deposits collect at the bone joints. Then the sufferer who, in the beginning, had nothing more serious than a stomach trouble or general debility, finds he is the victim of chronic rheumatism. And only the person in the clutch of this dread disease knows what a hell on earth it makes of life. "Hundreds of persons here who have come to see me have been suffering with rheumatism. Scores of these have come back to tell me that my treatment has cured them of every pain and ache. Many have been cured in from one to four weeks. I have not had a single failure in curing rheumatism so far as I know. "Dr. Munyon himself, or his expert assistants, keep office hours at the Owl Drug Store, in the Phelan building, each week day from 10 a. m. to 12 p. m., and at night. His headquarters in San Francisco will be maintained for several weeks more.

BRICK FALLS SIX STORIES ON MAN

The Expected Happens to J. C. Storm and He Is Sent to Hospital.

SAN FRANCISCO, June 20.—Hurt by the very means which he had hoped to avoid, J. C. Storm was taken to the Harbor Hospital this morning suffering from the effects of being struck by a brick which had fallen a distance of six stories. Storm, who is a carpenter, and resides at 1363 Vallejo street, has been working in a building at Beale and Mission streets. On Monday a brick fell near him and he decided to quit his job because he feared that he would be struck. This morning he returned to work, when another missile dropped, striking him near the shoulders, causing contusions and abrasions and possible internal injuries.

HUDEHINS SANE, DECLARES COURT

Wife of Millionaire Falls in the Efforts to Have Him Named Lunatic.

WASHINGTON, June 20.—The lunacy proceedings instituted some time ago by Mrs. Rose Keeling Hudehins against her millionaire husband, Stilson Hudehins, were quashed by Justice Ashley M. Gould in equity court No. 2 here yesterday. The application of Mrs. Hudehins to have a receiver appointed to manage the estate of her husband, valued at \$3,000,000 also was denied. Mrs. Hudehins commenced proceedings on correspondence which she had had with the trustee of her husband's estate in which the trustee admitted doubts as to the sanity of Hudehins. Mr. and Mrs. Hudehins are now at Narragansett Pier, R. I. Hudehins in earlier years was well known in the newspaper field, having founded the Dubuque Evening Herald, the St. Louis Times and the Washington Post.

SAN FRANCISCO, June 20.—While walking along Clay street early this morning Edward Dalbert, a private in the Twenty-second coast artillery, was accosted by a man with a blackjack, who commanded him to stand and deliver. The robber took 45 cents from his pocket and running down Spofford alley made his escape.

RETIREMENT IS THEME OF THE PRESIDENT TAFT REFERS TO LIVING 'LESS ACTIVE LIFE'

The Commercial Club of Cincinnati, the most important civic organization of that city, the home town of President Taft and the town in which he was married. The club in honor of the President's Silver Wedding anniversary sent a large delegation to Washington with the gift of a magnificent silver bowl, one of the finest specimens of the silver-smith's art.

Commercial Club of Cincinnati Told by Chief Executive That He Will Open Law Office in Home City

WASHINGTON, June 20.—President Taft, in a happy vein, delivered an address to the Commercial Club of Cincinnati yesterday, in which he lightly referred to the possibility of "going back to a less active life" away from the Presidency, as having been welcomed by the club. He said, in the absence of any provision for former Presidents, he would open a law office in his old home city, and that he was determined that his son, Robert, should work out his life amid those surroundings. "SPEECH OF ACCEPTANCE. Taft was speaking at the Chevy Chase Club here, in the Washington suburbs, at a luncheon tendered for him there by the Cincinnati Commercial Club, and was formerly accepting for Mrs. Taft and himself a silver rose bowl, presented by the Cincinnati. The President said: "Mrs. Taft and I esteem the coming of the Commercial Club here to attend our silver wedding as the chief pleasure of the occasion. "It is not so long since we left Cincinnati. It is only twelve years, and twelve years in the life of a man, or the life of a nation, or the life of an association, as we grow older and look back, is not a period of very long duration. But we have to measure time rather by events than by the tick of the watch, and certainly in twelve years it has fallen to my lot to have a great many unusual things happen to me. "To be transported from one civilization to another," he said, "from contact as a civilian, or as the arm of the administration of justice, to the chief executive, for the time being, of 90,000,000 of people, is a tremendous change, and to have the last four years of a period such as I have experienced is to prolong the period until it seems almost a lifetime. And then to come to Washington and to remain six or seven years, under conditions so different from those at home, creates a period that has much greater distance in it, so to speak, than mere months or years of its duration. The effect that it has upon one's life and character is something that one realizes fully but cannot explain. "WAS LONG STEP. "To go from the somewhat humdrum but always delightful life of a judge, who could retire from public life in a sense without being exposed to criticism, to a place where there seems to be nothing but criticism, was a change that only a man who has been through it can fully understand. "The prospects of going back to a less active life has been a welcome one, some place where there are no demands for labor that will follow my retirement, however, relieves me somewhat from anxiety on that score. There is as yet so far as I have been informed, no provision for a former President, and while I do not wish to hold out any competition to the two lawyers who honor this club, I wish to say to the rest of the members of the club that I shall open an office and be ready for business not at an old, but at a very new stand. "FOUR GENERATIONS. "There will be now, when my son, Robert, comes back to Cincinnati to practice law, four generations in Cincinnati, and while it has been pressed on him and on me to have him go to some place where possibly his emoluments would be larger, he determined and he sympathizes with me, that he shall go to the home that knew his great grandfather and his grandfather and his father, and there he shall spend his life, under the influences that I hope will be favorable to his success—at least in restraining him within the path and the limitations of an honorable life."

POPE HAS FAINTING SPELL AFTER CELEBRATING MASS Condition of Pontiff Causes Much Anxiety Among Members of Entourage; Talks of Successor

ROME, June 20.—The Pope had another fainting spell yesterday morning after the mass he celebrated in honor of the feast day of Corpus Domini. He rallied quickly upon reaching his private quarters in the Vatican, but the condition of his health is causing grave anxiety. Although the members of his holiness' entourage are strictly forbidden to mention the subject of his illness or to spread rumors of an alarming nature, it is known they fear he may die suddenly of heart trouble. The debilitating effect of the warm weather has accentuated the symptoms of depression and cardiac weakness which Pope Pius has been exhibiting for a considerable time. The sisters of his holiness, to whom he is devotedly attached, apparently fear the worst, for they have taken up parlors in a modest flat in the Piazza Rusticucci, very close to the Vatican, and are in constant telephonic communication with the Pope's physicians. "YIELDS TO RELATIVES. He has always, in private illness, forbidden his near relatives to take alarm or visit him, but this time he has consented. Dr. Petacci advised Pope Pius to have his relatives near him, preferably in the Vatican itself. He has not yet consented to this, but it is believed he will. Frequent visits of Cardinal Vives y Tuto, the confessor and favorite adviser of his holiness, have caused much comment within the past two or three days. "A correspondent learns that the Pope's illness is from an advanced case of arterio sclerosis (a hardening and thickening of the walls of the arteries) due to senile decay. He is also troubled by the gout. It is known that there has been an exchange of ideas among the cardinals stationed here in Rome as to a successor to Pius X. The general sentiment seems to favor Cardinal Rampolla, who would have been elected to the office to succeed the late Leo XIII, save for the veto placed upon his candidacy by the Austrian government. "REGARD FOR RAMPOLLA. "My successor" is a fond title which Pope Pius frequently bestows upon Rampolla, for whom he has always had the highest esteem. The present Pope has often made the wish that his successor's title should be Leo XIV. Cardinal Rampolla was Secretary of State for Leo XIII, and was much beloved by that personage. Mariano Rampolla del Tindaro is his full name. He was born in 1843 of a patrician family of Sicily. He is a man of great culture and knowledge, an accomplished diplomat, and is well versed in all the modern arts and sciences. It is understood that there will be no veto entered against his candidacy at the conclave which elects the next Pope, and that a very few ballots will elevate him to the papacy. "CAPTAIN JAILED; SOLDIERS PROTEST. CANANEA, June 20.—Captain Jesus Buena of the insurrecto army has been jailed here on the charge of drunkenness. His men rebelled and threatened to take him from the quarters. Buena was released after his men had made it apparent that they would stand by him regardless of what he did. "LAMP EXPLODES AND RESIDENCE IS BURNED. SAN FRANCISCO, June 20.—The home of E. E. Edwards, 20 Pope street, was burned yesterday morning as the result of the explosion of a coal-oil lamp.

FIRST PILE DRIVEN FOR MUNICIPAL WHARF

Concrete Support Put in Place at the Foot of Livingston Street.

HYDRAULIC METHOD USED TO DRIVE IT

Oakland Waterfront Presents a Busy Appearance; Many Ships Dock.

The first concrete pile was driven into the mud at the foot of Livingston street yesterday for the municipal pier, and the work is continuing today. It is the first time that piles of this nature have been used in this section and the method of driving them is also unique. The hydraulic method is used, the piles, which are reinforced with steel rods and have a hole running down the center from within a few feet of the top, and opening at the side, are set upright in the mud and a stream of water is then forced down their center and jets a hole sufficiently large for their reception. The process is aided by the pile-driver hammer, which descends upon a steel cap placed on the end of the pile. The water forced down the center of the piles has a pressure of 150 pounds to the square inch. Should the present method prove inadequate to cope with the hardness of the dirt, additional jetting facilities will be installed.

235-FOOT PIER.

The pier being constructed for the city will be 235 feet long and 124 feet wide. It will reach out to within a few feet of the channel, which is 25 feet deep. With the exception of the mooring piles the entire structure will be reinforced concrete and will be one of the finest piers on the Pacific Coast. The work is being supervised by James B. Agassiz for Cotton Brothers, L. N. Hall is the engineer in charge. About 450 piles have been constructed on the ground and a narrow gauge track has been laid to convey them to the pier-driver. The piles run from 35 to 60 feet in length. The contract also calls for dredging on either side of the pier to permit large vessels mooring.

GOES ON WAYS.

The steamer Watson, which got into trouble off the Oregon coast recently and damaged its steering gear, was placed on dry dock at the United Engineering Works today. It will be fitted up with a new stern frame. The vessel was tied up in Oakland harbor yesterday. At Long Wharf—The Sea Foam, Captain Hendrickson, from Bureka, with lumber; the Samoa, Captain Powell, from Bureka, with lumber; the Santa Monica, from Columbia river, with lumber; the Laguna, from Bureka, with lumber and shingles; the M. F. Plant, Captain Griffith, from Seattle, loaded and left freight; the Pasadena, Captain McGovern, from Albion, with lumber; the Strathglen, Captain McFarlane, from Astoria, with cargo, casks and other cargo; the Rodondo, Captain Hansen, from San Francisco; the Daisy, Captain Smith, with lumber; the Carlos, with lumber; the Queen, Captain Ray, from Seattle, left shocks and packages. At De Fremery Wharf—The Carlos, Captain Donaldson, with lumber. At Hogan's Wharf—The Temple B. Dorr, Captain Ravens, from Grays Harbor, with lumber; the Foma, Captain Laidland, from Albion, with lumber. At the B. K. Wood Lumber Yard—The Tamalpais, from Portland, with lumber; the South Coast, from Caspar, with lumber.

BOARD CONSIDERS SALARY DEMANDS

The State Lunacy Commission Must Make Appropriation Fit Conditions.

SACRAMENTO, June 20.—The State Lunacy Commission, consisting of Governor Johnson, Attorney-General Webb, Secretary of State Frank Jordan, Dr. W. F. Snow, of the State Board of Health, and Dr. F. W. Hatch, superintendent of the State Hospitals, met late yesterday for the purpose of considering the salary rolls of the several State hospitals. Almost every hospital in the state desires additional help and a raise of salary for certain employees, and the commission must keep the total within the appropriation provided by the legislature. Salaries must be fixed for the ensuing fiscal year. Nothing definite was done concerning the salaries of employees and the additions to the lists which are desired. It was announced today by Dr. Hatch that it is extremely doubtful whether the additions to the hospital forces can be granted without cutting salaries, and also that raises in salaries are doubtful even if the additions are not allowed.

DEBATE BARRED ON RECIPROCITY

Flow of Oratory Expected to Be Under Way Some Time Tomorrow.

WASHINGTON, June 20.—Deaf to the entreaties of Chairman Penrose of the finance committee, no one was permitted to speak on Canadian reciprocity when the Senate convened today. Determined that some champion of the measure must come forward with argument in its support before they begin their assault, those Republicans opposed to the agreement were standing firm. The friends of the bill hope that Senator Root's explanation of his amendment tomorrow will mark the beginning of the regular consideration.

ASSOCIATION MEETS. COLUMBUS, Ohio, June 20.—The National Association of Pharmacologists opened its annual meeting here today. Governor Harmon welcomed the delegates, representing twenty-five States. L. W. Sinclair of Columbus is president of the association and P. A. Wendelbush is secretary.

THIRTEEN HURT IN CAR ACCIDENT

Rush for Doors Follows Burning Out of Controller; One Man May Die.

BUFFALO, N. Y., June 20.—In a panic which followed the burning out of a controller on a trolley car on the Niagara falls line near Tonawanda last night, one person probably was fatally injured and twelve others were badly hurt. Eight of the injured are delegates to the convention of the Modern Woodmen of America, now in session here. A seriously injured man, William C. Brown, 54, of Buffalo, who has a fractured neck, John E. Swanger, Jefferson City, Mo., Missouri state bank examiner and former secretary of state of Missouri; A. L. Reeves of Jefferson City, Mo., auditor of the Missouri state insurance department, and George L. Bowman of Kingfisher, Okla., auditor of the Oklahoma district of Modern Woodmen. As the car was rushing at a rapid speed with fifty passengers aboard, there was a flash of flame in the vestibule and the motorman was seen trying vainly to apply the brakes. When it became apparent that the car was out of control and the blaze began to spread, the passengers became panic stricken and a rush was made for the rear platform. The foremost were pushed off the platform while the car was running twenty miles an hour.

PLAN NEW PIPE LINE FROM MARICOPA FIELDS

BAKERSFIELD, June 20.—Construction work on the pipe line of the Guaranty Oil Company from Maricopa to the coast near Ventura will begin on July 1, according to officials of the company. The line will be about 70 miles long and will cross the Pine mountain range at an elevation of 5000 feet. The building of about 20 miles of road, which the company expects to undertake, will open a short route for automobiles from the oil fields to the coast. With the oil sand barely uncovered the Associated Oil Company has a 500 foot well on section 30 in the Elk hills, which, it is estimated, will produce 300 barrels of 25 gravity oil daily. It is believed that the well is in a much more prolific zone than was encountered in the Associated's well oil section 26 at a depth of 3400 feet. That well, which was the only strike in that territory until the well on section 30 came in, has been deepened to 4000 feet without developing any further profitable strata. PLAN TO ABANDON U. S. NAVY YARDS

Secretary Meyer Tells of Need of Concentrating Many Plants.

WASHINGTON, June 20.—Discussing plans for concentrating navy yard work and abandoning plants that would not be needed in time of war before the House committee on expenditures in the Navy Department, Secretary Meyer, it is said, will recommend the abolishment of the yards at Portsmouth, N. H., Philadelphia and Charleston, N. C., and have those at Boston, New York and Norfolk prepared for handling all construction and repair work done by the government on the Atlantic Coast. Secretary Meyer said three navy yards on the Atlantic Coast and three on the Pacific would be amply sufficient in time of war. Consideration as to what yards should be abandoned, he said, had been referred to the joint army and navy board. In the event of war operations in the Pacific, Secretary Meyer said Pearl Harbor, Hawaii, which he described as the "Gibraltar of the Pacific," would be the base of operations for the United States fleet. "You say," queried Representative Hardy, chairman of the committee, "that the Philippines have been abandoned as a naval base? Does that mean that we would abandon the islands in time of war?" The Secretary pointed out that the army was being strongly fortified in the Philippines, that so long as the United States fleet in the Pacific was concentrated on a single unit operating from Pearl Harbor, no foreign power would be able to land a large force in the Philippines.

OAKLAND BANK BUYS \$476,000 SEWER BONDS

City Council Disposes of Issue to Local Institution After Wordy Warfare Over Other Bids

The city council, last night, sold to the Oakland Bank of Savings \$476,000 worth of sewer bonds, with the proceeds of which eighty-seven miles of sewers are to be constructed in districts Nos. 1, 2, 3 and 4 in the newly annexed territory.

The contractors have five months within which to complete their contracts, which means that inside of half a year the people in the eastern part of Oakland will have equal advantages in the matter of sanitation with those in the older sections of the city.

The sale was not completed, however, until after an hour of discussion, which at times seemed to indicate that the decision of the council might be in favor of selling the securities to the firm of Spitzer, Rorick & Co., of Toledo, O., and possibly to the firm of C. N. Halsey & Co. of San Francisco, on the ground, as alleged by Councilman Ellsworth, that there was collusion between the local bank and the Toledo bidders.

BIDS FOR BONDS.

The bids for the bonds were as follows:

District	Amount	Premium
N. W. HALSEY & CO.	\$476,000	\$525
OAKLAND BANK OF SAVINGS	\$476,000	\$317
District No. 1	\$102,000	\$111
District No. 2	\$92,000	\$171
District No. 3	\$134,000	\$255
District No. 4	\$148,000	\$197

The conditions of the Spitzer, Rorick & Co.'s proposition were as follows:

"To the Honorable Mayor and Council of the City of Oakland, we, the \$102,000 city of Oakland, sewer district No. 1, which you have offered for sale this date, bearing 6 per cent semi-annual interest, both principal and interest, payable at the city treasurer's office or at some bank in Chicago, at the option of the holder, beginning date June 1, 1911, or any date prior to the actual delivery of said bonds, maturing in twenty equal annual installments, beginning July 1, 1912. We will pay a premium of \$111 on each \$102,000 of bonds, and we will deliver to you in installments as follows:

"The entire issue of said bonds are to be executed by the city officials as soon as the city can have them prepared in proper form and deposited with some bank in escrow to be delivered to us in installments as follows:

"Ten thousand dollars of said bonds to be delivered as soon as executed and after that time 30, 1911, with the city treasurer's draft attached for the contract price of said bonds and the balance of said bonds to be delivered and paid for just as fast as the money is needed to pay for labor, material, etc., as work progresses in said district No. 1, we reserving the right to take up any or all of said bonds earlier at our option."

CERTIFIED TRANSCRIPT.

It was further set forth that the city should furnish free the certified transcript of proceedings on the issue and that the city contemplated that the Supreme Court render favorable decision upholding the Superior Court decision in the case of Brooks vs. city of Oakland prior to the making of any payments.

The conditions applied to bids for each of the four districts with the exception of amounts.

The conditions offered by the Oakland Bank of Savings applied to each of the districts and were as follows:

"If the bid is accepted it is understood that the city of Oakland will execute and deliver the bonds on June 25, a date specified in your advertisement or as soon thereafter as possible and before the 30th inst., and that on the delivery of said bonds the full purchase price shall be placed in the Oakland Bank of Savings to the credit of the city as a special deposit for sewer district No. 1, to be checked out by the city treasurer only as needed to pay for work, materials, etc., as work progresses in said district under the order of the city council and the estimate of the city engineer.

"We agree to pay to the city 2 per cent interest on the daily balance so held until disbursed."

"The remaining condition was that no check of the special deposit was to be checked out until after the Supreme Court had affirmed the decision of the lower court in the case of F. W. S. Brooks against the city of Oakland aforesaid."

RESORT TO FIGURES.

Then Ellsworth, Bronner, Everhart and others began to figure as to what it would cost to comply with another condition of the Spitzer, Rorick & Co.'s bid, namely, to check the condition in the bid of that house as to when the money should be made available, could be overcome by a stipulation that the city's engineer's estimate of the value of the work should govern in the furnishing of the money for the improvement, but Rorick, who was personally in attendance, indirectly declined to adopt the suggestion, claiming that his bid was self-explanatory and that he did not wish, in effect, to amend it by agreeing to a stipulation of any kind.

This was one of the things which changed the minds of several of the councilmen who favored the Toledo proposal.

Long Program Mapped Out for the Delegates at San Diego.

SAN DIEGO, Cal., June 20.—With President W. J. Hardy, freight agent of the Southern Pacific Company at San Francisco in the chair, the Pacific Coast Local Freight Agents' Association is in session this morning at the Hotel Hamilton. The session, which began at 9 o'clock, lasted until noon, and this afternoon the members of the association are on a sightseeing tour of San Diego. Tonight they will meet again at 8 o'clock.

The freight agents to the number of sixty arrived in San Diego yesterday in a special car. Maximum loads, methods of getting business and means of pleasing the shippers are to be discussed. The convention will end Saturday morning. Following is the program for the week:

PLAN FOR PARK IN WEST OAKLAND REJECTED

Commission Declares That the Price Wanted Is in Excess of Value.

EAST FIFTEENTH STREET IS ORDERED OPENED

Two Special Meetings of the Council Committees to Be Held.

With the exception of Councilman A. H. Elliott, all the members of the City Council were present last night at the last regular meeting of that body before July 1, when the commission form of government will go into effect. A lobby of well-known citizens was in attendance, as numerous matters affecting the welfare of the city were scheduled to be taken up.

Besides the opening and awarding of bids for the \$476,000 issue of sewer bonds, the proposition of a park site in West Oakland, to consist of territory bounded by Twelfth, Thirteenth, Union and Thirtieth streets, was brought up by Councilman Stachler, who attempted to have the land purchased through special legislation.

PURCHASE IS OPPOSED.

As a letter from the Park Commissioners opposed its purchase for \$24,660, a resolution was passed referring the case to the new administration. Following is the communication from the Park Commissioners:

"Your auditing and finance committee referred to the Park Commission the advisability of purchasing for a public park a piece of land situated at Thirtieth, Thirtieth-second and Peralta streets, in the City of Oakland. The price thereof was fixed at \$24,660. In compliance with the request of said committee, the Park Commission this day visited the said proposed parksite and are unanimously of the opinion that the figure named as the purchase price thereof is excessive, and they do not recommend the purchase of said piece of land. I have been instructed to advise the council of the action of the Park Commission in said matter."

"HENRY F. VOGT, Secretary."

The members of the commission are: W. G. Manuel, president; James P. Edoft and W. S. Gould.

TO OPEN STREET.

By a vote of 6 to 4, it was resolved to open East Fifteenth street from its western terminus to Twelfth street, at the intersection of Bryant avenue was sustained.

It was considered advisable to hold another committee meeting, which will be on Thursday night. An adjourned meeting of the council will be held on the following Monday to further clear up the calendar.

ROUTINE MATTERS BEFORE COUNCIL

Mass of Small Stuff Cleared Up at Last Meeting of City Fathers.

Among the routine matters that came before the city council last night were the following: The committee on auditing and finance recommended:

First.—That the claim of M. T. Nelson for \$3 be ordered paid.

Second.—That the Board of Public Works be authorized to refund an electrical permit fee of \$1.75.

Third.—That resolution No. 37,763, appropriating \$100 per month to the Society for Prevention of Cruelty to Animals, be rescinded.

Fourth.—That the claim of the Oakland Society for Prevention of Cruelty to Animals for \$5 be rejected by the Auditor be ordered paid on advice of the City Attorney.

Fifth.—That a resolution transferring from the running expenses fund of the Fruitvale sanitary district No. 2 the sum of \$2279.28 to the bond and interest fund of said district be adopted, provided that the city expert and Auditor certify that the bill against said district have been paid.

Sixth.—That the deed of the Derby Estate Company dedicating a strip of land between Fruitvale avenue and Thirtieth street be accepted.

Seventh.—That a bill authorizing the appointment of three electrical inspectors be amended by adding thereto an additional electrical inspector, and said bill be passed to print for five days.

Eighth.—That a resolution directing the City Attorney to begin condemnation proceedings for the purpose of acquiring a parcel of land bounded by Thirtieth, Thirtieth-second, Peralta and Union streets for park purposes at an expense of \$24,660 be adopted, provided that the park commission approve the selection of said site for park purposes.

The license committee recommended:

First.—That the following liquor licenses be granted, viz: B. E. Bove, 801 Clay street; J. Lavagetto, 454 Sixth street; J. Rattazzi, 419 Fourteenth street; Manuel P. da Roza, 962 East Fourteenth street; Charles Cochran and John Lueren, 468 Ninth street; The Fung Wo Company, 320 Eighth street; Con Donovan, 6395-6397 Telegraph avenue.

Second.—That Herman Franz remove his saloon from 323 Twelfth street to 320 Twelfth street for a period of six months.

Third.—That permission be granted John Ruggero, 5501 Telegraph avenue, to use the premises at 5549 East Fourteenth street, to withdraw their applications for liquor licenses.

The committee on drainage and sanitation recommended:

First.—That the following resolutions be adopted: Adopting plans and specifications for sewerage Kanning street, Maybelle avenue and Franklin avenue. Of intention for sewerage for sewerage Hopkins street and streets within the Rose Park tract. Of intention to sewer Hopkins street and streets within the Rose Park tract. Adopting plans and specifications for sewerage Thirtieth street, between Union and Peralta, and Thirtieth-second streets. Of intention for sewerage Thirtieth street between Union and Peralta streets and Thirtieth-second streets. Adopting plans

Second.—That a resolution of intention submitted by the city engineer for the sewerage of Flemming avenue and other streets be not adopted and the city engineer be instructed to prepare new plans for the sewerage of Flemming avenue only.

Third.—That the attention of the Central Pacific Railroad Company be called to the damage done from storm water flooding the vicinity of Fifty-fourth avenue and East Ninth street, and request said company to enlarge the culvert in its embankment upon which its railroad tracks run for the purpose of carrying off storm water.

Delving in Social Filth for Fun.

The fashionable slumming party arrested in San Francisco while visiting a bawdy house in the early hours of the morning probably thought they were seeing life. Many excellent people are deluded with the notion that the gay, exotic phases of life are to be seen only in the purlieus of vice, in places where conventionalities are thrown aside and the elementary passions and desires are given free rein.

But such people are mistaken. What they imagine to be life is only the hectic phases of social disease, the rottenness of moral decay. There is life to be sure, but it is the life bred of corruption. The life found in the dunghills of humanity is the same sort of life that is found in the ordure of the stable-yard. It is a communion of filth and vermin.

This phase is not only low, it is dirty. Even its splendors are tawdry and squalid. The road to it is often called the "primrose path." It is in reality the gutter, or rather the sewer. It leads downward, never upward. On the way self-respect, self-restraint, regard for solid virtues, social and family ties, respect for true womanhood, the wholesome traditions of childhood and manhood are cast aside; and at the bottom the man or woman who treads this highway finds himself or herself stripped of all that makes life really worth living—all that lifts man above the brute and fits his soul for communion with nature in its most gracious moods and humanity in its aspiration for heaven and immortality.

Seeking life where the poor, painted wanton plies her wretched trade, among the patrons of her calling and the parasites who fatten on her shameful earnings, is like searching among maggots and flies for the bright and beautiful. There is a kind of excitement in it to be sure, but it needs the promptings of alcohol, of base desire and unclean curiosity to give it zest. Then it is only the zest of temporary intoxication until it becomes a habit, and the mind becomes so corroded and corrupted that it no longer responds to pure and healthful emotions and can hold no sympathetic intercourse with the wholesome, the clean and the religious-minded.

Slumming is merely a search for degradation and immorality, a peeping Tom parade amid social putridity, or a mad if not drunken revelry in the haunts of vice and shame. Why people of wealth, refinement and culture should seek to invade such precincts from motives of mere curiosity passes comprehension. When they do so they soil their minds and lower their self-respect. Plague-spots in the memory are an inevitable consequence. The scenes and associations are corrupting. They infect the blood and the mind like a deadly miasma and the germs so instilled often lead the victim down into the hideous vortex that was first viewed in a spirit of curiosity and then plunged into from a desire to taste of its grossness.

It is a filth that defiles. Its touch is contamination. Why it should be sought out instead of avoided as a pestilence passes comprehension. It is to be hoped that the party arrested while peering into the home and trade of harlotry will be taught a salutary lesson by the experience they have undergone and the unsavory notoriety they have achieved.

Apparently William J. Bryan will be content with nothing short of free trade. He denounces the twenty per cent duty on foreign wool as a compromise with protection. It is, but the duty is also a revenue-producer. Mr. Bryan says he thinks Mr. Underwood, chairman of the Ways and Means Committee, is tainted with protection, and advises Democrats to watch him. If Mr. Bryan is determined to have free trade, he had better devise some other method of raising revenue than tariff duties. He does not complain of the tariff on sugar, yet the sugar duty protects the beet and cane growers and at the same time produces an enormous revenue for the government. The wool duty provides revenue and at the same time affords protection to the American flockmaster. Why should Bryan single out the wool industry as the object of his wrath?

The Changes Time Has Wrought.

Public sentiment has undergone a wonderful change since Harriet Beecher Stowe wrote "Uncle Tom's Cabin." It is a change due to a better understanding and an altered point of view, rather than a more tolerant attitude toward slavery. It has come about through a more candid examination of both sides of the question, a more critical study of motives and conditions. The social and political problems presented by giving the negroes the franchise after their emancipation have provoked profound study and examination, and this study and examination have reached back into the period long anterior to the Civil War and caused a reversal of many old opinions and a keener appreciation of the attitude of those who stood on opposite sides in the great controversy over the slavery question and the war which it provoked.

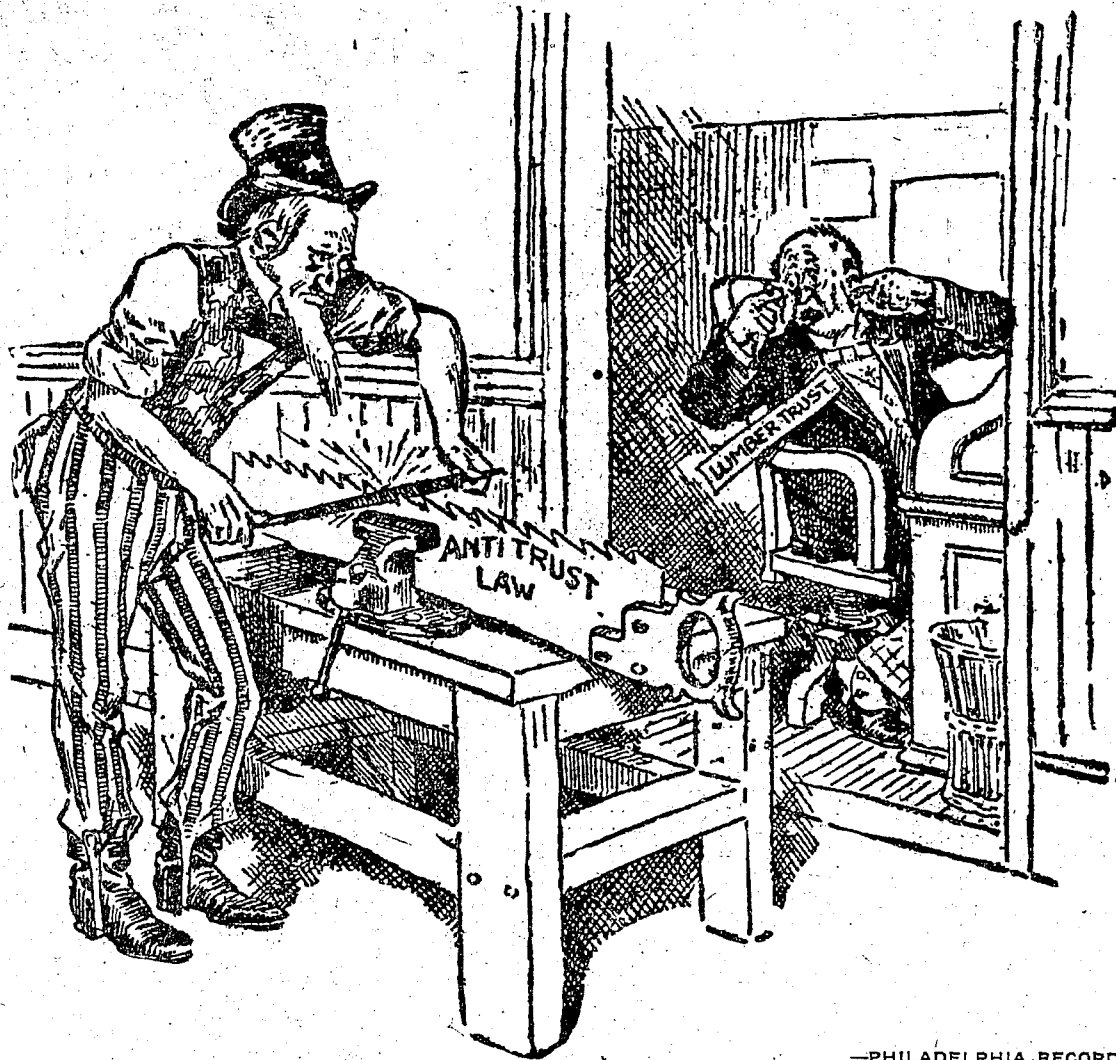

This change was illustrated recently by a notable event at Nashville, when Rev. Charles E. Stowe, son of the author of "Uncle Tom's Cabin," delivered the baccalaureate sermon at Fiske University. Fiske University is an institution for the higher education of colored youth, and Mr. Stowe's sermon was listened to by many of the leading white citizens of Nashville, a number of them ex-confederate soldiers. Their presence on such an occasion was of itself a notable indication of the change in public sentiment. That Mr. Stowe's sermon should have received their unqualified approval, without in any way provoking criticism on the part of his colored hearers, is another significant indication of the change that time, study and experience has wrought in the minds of men.

In dealing with the political issues presented by the slavery controversy, Dr. Stowe stated the position of the Southern people with singular clarity and fidelity. He said:

"Now, as slaves were property, according to law, any attack upon this form of property was an attack indirectly upon all forms of property, and an attack also upon the constitution of the United States. In the minds, therefore, of pious, church-going, orthodox slaveholders, and many such there were the abolitionists of the north were looked upon as we today regard the bomb-throwing anarchists of Chicago or the most radical wing of the Socialist party, as the enemies of society and the enemies of God and his holy word, the Bible, in which the pious slaveholder of the south found abundant authority for his beloved institution.

"So, along these two points, the conflict raged, and slavery, when it was attacked, entrenched itself more and more within the doctrine of states' rights, so that at the last the two became identical, and to attack one was to attack the other; to defend one was to defend the other. Consequently, when it came to the outbreak of the Civil War, many patriotic southern men who cared little or nothing about slavery were stirred with the deepest indignation at the suggestion of the national government subduing a sovereign state by force of arms, and said that a union that could only be held together by bayonets had better be dissolved, and for the principle of state rights and state sovereignty, the southern men fought with a holy

A BLOOD-CURDLING SOUND

—PHILADELPHIA RECORD.

ardor and self-denying patriotism that have covered even defeat with imperishable glory.

"And let us look at the matter from the southern standpoint. The party that elected Abraham Lincoln was a party avowedly hostile to the institution of slavery, and elected a man to the presidency who also avowed his hostility to the institution of slavery, and who had been known to say that the Union could not exist both slave and free, was bound ultimately to become all slave or all free, and who in his Cooper Union address said that the anti-slavery sentiment had already caused more than a million votes, which could have seemed to the southern states nothing more nor less than a danger and a menace. Consequently, when they drew the sword to defend the doctrine of states' rights and the institution of slavery, they certainly had on their side the constitution and laws of the land, for a strict interpretation of the national constitution gave a certain justification to the doctrine of states' rights. As to the institution of slavery, even the abolitionists had made the discovery that the constitution legalized it, and consequently they denounced the constitution of the United States as a league with death and a covenant with hell, and maintained that no moral or Christian man could find or hold office under such an accursed government as ours, and gave all their energies to proving that secession was the duty of the fellow-states.

"So, is it not perfectly evident that there was a great rebellion, but that the rebels were the northerners, and that those who defended the constitution as it was were the southerners, for they defended states' rights and slavery, which were distinctly entrenched within the constitution."

But in thus doing complete and generous justice to the people of the South, Dr. Stowe did not abate one jot in his sympathy for the colored people and his earnest desire to see them advance in the moral, social and intellectual scale. He reasserted his belief that emancipation was an act of imperative justice, and a necessity if this republic was to endure. He deprecated the drawing of the color line; he deplored particularly the phase of it that limits industrial opportunity for the black man and places him in an inferior and subservient position in the field of useful endeavor. Of the progress and future of the colored race in this country he spoke in this inspiring way:

"To my mind there is no more impressive sight than ten millions of black people on this continent slowly and surely advancing, cheered on by a few, but looked upon with indifference, scorn or positive hostility by the millions and millions of white people about them. Behind them, barbarous Africa, the slave ship, the slave pen, the auction block, the plantation and the lash, but before them liberty, education, opportunity and culture. Could anything call out what is heroic within you and make you determine to show the world that you are men and women who have the very highest capabilities of the human race within you, than the position in which you are placed today before the millions of the white race who are watching your progress?"

These words from the son of Harriet Beecher Stowe have awakened a generous enthusiasm in the South. They will help to a better understanding between the races and engender among the white people of the South a kinder feeling for the colored race—a reader disposition to help the black people to plant their feet firmly on higher ground. The world is surely moving when former slave-owners will applaud the utterances of a born abolitionist and give hearty amen to his plea for the advancement of the colored race. It is all encouraging, inspiring and invigorating. It speaks for better things, a higher patriotism and a broader humanity. It is a change that illustrates the advance literally and metaphorically from "Uncle Tom's Cabin" to Fiske University.

If Dick Ferris was seeking publicity in having himself elected "President" of the so-called "Republic of Southern California" he certainly achieved his object. But possibly he will not be able to capitalize the notoriety he has gained. He is just finding out that serious penalties may attach to violating neutrality laws for advertising purposes.

CHAMOIS TRAILS

An interesting sight is to be witnessed each day at noon at Grindewald in the Alps, when there is a rush of visitors to the telescopes to observe "chamois trail."

Promptly each day at the hour mentioned there may be seen a herd of from twenty to thirty chamois passing in Indian file up the yawning abysses of the precipitous Mettenberg, rocks separating two glaciers, the male animals leading the way, the king of the herd keeping twenty yards in advance and on the watch.

At the bottom of the Mettenberg, where the slope is freed from snow, the chamois find a meager subsistence when their usual feeding grounds are under snow. The chamois descend on their feeding grounds at dawn when there is little likelihood of avalanches, and return to their haunts at an hour when avalanches have already fallen and the danger is past.—Harper's Weekly.

RUSHING TO RENO

All aboard for Reno! The divorce mills of Nevada are preparing to increase their output. The latest news dispatches from the city of blighted hymen say that women desiring freedom from nuptial ties are arriving there by the trainload. A long string of Pullman cars, which came all the way from New York, brought the latest additions to the colony of conjugal discontent. A short stay in Reno—just long enough to establish a nominal residence—and the divorcees will flit back to the East, free of all responsibilities to their families and to society.

The situation is so ludicrous that it is not to be wondered that the "Reno divorce" is considered as a huge joke. The humor of the whole abominable business vanishes, however, when it is remembered that the law laid down by the divorce courts of the remote desert hamlet in far-off Nevada is the law of the land and that the served-while-you-wait divorce of Reno stands just as well as if it had been granted by due process in other states where the statutes governing divorces are more rigid. When women hasten from New York by the trainload to seek divorces where decrees are so easy to obtain, it is high time to have a uniform federal law covering marriage and divorce. While divorcees are to be had for the asking, men and women will rush blindly into matrimony, begetting sorrow to their children and at the same time menacing the tranquility of society.—Pittsburgh Chronicle-Telegraph.

SUEZ CANAL SHARES

Mr. Dunlop, the British vice-consul at Port Said, in his annual report to the foreign office, gives some interesting details of the growth of traffic through the Suez Canal. He says that 4539 vessels of a net tonnage of 15,407,027 tons, passed through the canal in 1909, as compared with 3736 vessels of 13,623,283 tons in 1908. Of these 2911 were merchant ships, 972 mail steamers and 104 men of war and transports. The receipts in 1909 were the highest yet reached since the opening of the canal, amounting to \$120,612,677 francs, as against 108,462,235 francs in 1908. The mean net tonnage has risen from 1000 tons in 1871 to 2000 tons in 1890, and to 3635 tons in 1909.

The average time of transit for a mail steamer is fifteen hours and for a cargo boat eighteen hours. In 1909 the average for all vessels was seventeen hours and thirteen minutes, and 97 per cent of the ship navigated by night as well as by day. The number of British ships in 1909 was 60 per cent and in net tonnage 62 per cent, an increase on 1908. The German percentage is 14 and 16 per cent, respectively, and the Netherlands comes third with 59 and 5.2 per cent.

The original tariff for laden ships was 10 francs per ton in 1869. This was raised to 13 francs in 1874, but was lowered one-half franc per year from 1877 to 9 francs in 1893 and to 8½ francs in 1903.

On January 1, 1906, the tariff was reduced to 7½ francs and there will be a further reduction to 7 francs from January 1, 1911. For ships in ballast the tariff has always been 2½ francs less. The 10-franc rate per head for passengers has never been changed.

In a brief account of the creation and development of the canal, Mr. Dunlop points out that the Khedive's shares were purchased by the British government in 1875 for £4,076,622, and are now worth about £24,000,000, and bring in an annual revenue of over £1,000,000. The navigable dimensions of the canal in 1909 were practically double what they were in 1869. The original depth was eight meters and the original bottom width twenty-two meters. The minimum depth is now nine and a half meters and the bottom width thirty meters. At present ships drawing up to twenty-eight feet (eight and a half meters) are allowed to pass through the canal, but it is anticipated that within four years the maximum draft allowed will be increased to thirty feet.

It is of interest to bear in mind what W. E. Gladstone said of the transaction. Speaking on December 5, 1875, he said it was "a financial operation of a ridiculous description." The public can now form its own opinion:

Cost of shares, 1875	£ 4,076,622
Value of shares, 1910	24,000,000
Annual revenue, 1910	1,000,000

QUEST OF BURIED GOLD

The announcement that San Diego treasure-seekers have found the hoard of gold reputed to have been cached by the crew of a Chilean cruiser on the Honduras coast a generation ago will stimulate the search for buried treasure everywhere, from Nova Scotia, where Captain Kidd's spoils yet remain to be located, to the Spanish main. And doubtless a new attempt will be made to find Lafitte's plunder on the gulf coast.

Meanwhile news is awaited of the success of the British party of scientists and government officials, who set out to discover the golden treasure hidden on the island of Trinidad. The doubts of the sceptics must be set at rest by the find of the San Diego searchers, even though subsequent developments may largely discount the report that the treasure is worth anywhere "from \$15,000,000 to \$55,000,000." But in fact just enough buried treasure is disinterred from time to time to show that the quest has more substance to it than the traditional pot of gold at the end of the rainbow.

Did not the owner of an old manor-house in the Isle of Jersey dig up full of "spade" guineas and other treasure in the ruins of the ancient structure some time ago? The first estimates put the value of the treasure at \$1,250,000. At almost the same time the sea on the Suffolk coast washed up from the sand old gold, silver and bronze coins and jewelry of Saxon times. In Florida a dog chasing a rabbit unearthed a mail-robbers' hoard of \$4000 in a hollow pine log. An old lounge in East Boston disgorged a package of \$2495 in English and American gold pieces, and shall the find of 1000 pounds of honey in the garret of an old house in Lee, Mass., be omitted from the record?

In the face of such proof of the existence of concealed treasure it is idle to expect that the efforts of the imaginative will flag in the search for it.—New York World.

20 YEARS AGO IN OAKLAND

One of the most elaborate and spacious new mansions in Oakland is the modern residence of William Moller on Prospect Heights, between Telegraph avenue and New Broadway, now nearing completion.

Whenever County Clerk Crane barks three or four times that means that there is a man at the counter in the office with a coyote scalp and Deputy Clerk Overacker, who is sometimes called "Coyote Charlie," understands the barks and hastens to the counter to take charge of the scalp and make out the proper affidavit. Each one is worth \$5.

A company has been incorporated for the manufacture of artificial fuel and the product will be manufactured in works especially constructed for it in Emeryville. The capital stock of the company is \$200,000 and the directors are Frank M. Pixley, George E. Belmont, P. F. Wagner, G. R. Miller, Robert Harrison, W. B. Farwell and A. L. Wilcox.

The Sevilla Fruit and Vineyard Company recently incorporated in this city with a capital stock of \$300,000, has secured 1280 acres in Tulare county. The directors are A. M. Beham, J. M. Robinson, F. A. Leach, Louis Kesser and Geo. A. Warden of Oakland.

B. W. Woodward and wife have gone to spend a few days in Yosemite, where their daughters, Ethel and Susie, have been for the last week. They drove all the way from Stockton in the carriage.

Irving M. Scott, of the Union Iron Works, has replied to French, who says that a man who besieged him that California wine would be used exclusively at the launching of the great coast defense vessel, the Monterey.

The Examiner does not know what to do with its grizzly. The San Francisco Park commissioners do not want it. Woodward's Gardens are to be broken up, so Monarch must move out of his comfortable quarters there. It is even proposed to send him as far away as St. Louis. Why not donate him to Blair Park on this side of the bay?

ANARCHISTS HOUND JUROR TO DEATH

The Foreman of Haymarket
Tribunal Persecuted by
Friends of Rioters.

CHICAGO, June 20.—With the death at
Arverne, N. Y., recently of Frank Stewart
Osborne, foreman of the jury that con-
victed eight anarchists of murder after the
Haymarket riot here in 1896, a story
of his persecution by friends of the an-
archists, from that time until his death,
has been revealed by his widow.

Several attempts to assassinate him
and innumerable letters containing
threats against his life have, according to
the widow, made up the persecution,
which started within a few hours after he
had read the verdict sentencing some
of the anarchists to death and others to
long terms in prison.

That this persecution caused the ill-
ness which resulted in his death was the
declaration of Mrs. Osborne.

up in an unconscious condition by Of-
ficer Moran and removed to the Harbor
hospital, where it was found that he had
received a lacerated scalp, contusions of
the side and a possible fracture of the
skull. He was held for observation.

WRITER IS GIVEN HIS
LAST "BLUE ENVELOPE"

PORTLAND, Ore., June 20.—Lloyd
Light, who claimed authorship of "The
Blue Envelope," which appeared recently
in a leading magazine, and other stories,
died yesterday in a prison ambulance
as he was being taken from the county
jail to a hospital. The cause of his
death is a mystery.

Light was arrested on charges of ut-
tering forged checks and was in jail
awaiting trial. Yesterday he was found
in a semi-conscious condition in his cell
in the county jail. He had been in the
jail for several days and had not been satis-
factorily traced.

**THE GERM WHICH

Finally Causes Baldness.—Kill
the Germ and Save Your
Hair—Newbro's Herpi-
cide Will Do It

Did you ever try to discover a rea-
son for the dying of a valuable plant?
You perhaps found that life was de-
stroyed by some insect or parasite
working about the roots and sapping
away the elements which go to sup-
port plant life.

The dandruff germ exercises the
same destructive influence upon the
life of the hair. It forces its way
down the follicle around the hair bulb
and thus prevents the hair from get-
ting proper nourishment. The hair
dies and drops out.

Newbro's Herpicide prevents this
by killing the germ. It also frees the
scalp from the accumulations of dirt
and sebum. With the removal of
these obstacles to a clean, healthy
scalp, the hair will grow naturally and
luxuriantly.

Herpicide is known as the Original
Dandruff Germ Destroyer.

One dollar size bottles are sold and
guaranteed by all druggists.

Applications may be obtained at the
better barber shops and hair dressing
parlors.

Send 10c in postage or silver to The

MRS. MONTGOMERY WINS CONTEST FOR CHILDREN

Albert J. Sutton, Her Former Husband, Scored by Court, Who Says He Is in Contempt

SAN FRANCISCO, June 20.—Superior Judge Graham this morning awarded to Mrs. Ethel M. Montgomery, the wife of Albert Edward Montgomery, the Berkeley realty broker, the custody of her two children by a former marriage, Albert, aged 15, and Anna, aged 14, who are now at Hood River, Oregon, where they were taken by their father, Albert J. Sutton, in violation of an order of the court.

In giving the girls to their mother, Judge Graham took occasion to declare that Sutton had placed himself in contempt of court and it is likely that he will be arrested should he come into the State to protest against today's decision.

SUTTON IS SCORED.
"I think," declared the court in rendering his opinion, "that Mr. Sutton has been guilty of contempt of court in taking these children out of this jurisdiction. I remember that I was very severe on Mrs. Sutton when I made the modified order allowing her to see the girls once in two weeks. I will now award the children to Mrs. Montgomery for the period of four months, after which time another order in the defendant in this action shall appear. I will state, however, that Mr. Sutton will receive no hearing in this court until he has purged himself of contempt."

The mother, Mrs. Ethel Montgomery, was called to the stand by Attorney Drew, her counsel, this morning, and stated that she is abundantly able to take care of the girls. When she was asked whether her present residence in Berkeley had not been planned for their convenience, she told of talking over the arrangements with them and then broke down and was so convulsed with emotion that she was unable to speak further. She had told the court that she was worth approximately \$500,000, and was followed by her

husband, who testified that he was of independent means and very anxious to have the children under his roof.

OUTRAGE, SAYS COURT.

Evidence was brought to show that between Christmas and New Years the girls had been taken by their father, who has married again, to Hood River, Oregon. After making his order, and in conclusion, the court took occasion to say:

"I think it an outrage upon the court that Mr. Sutton should have removed these children from the State without giving any notice of his intention."

Sutton was not represented, but Judge Smith appeared as a friend of the court, he being associated with Attorney Dunne, Sutton's former counsel, and quoted from the de la Montague case in support of his contention that with the children in Oregon Judge Graham had no jurisdiction. Under section 138 of the civil code, however, the court declared that he was certain he had the power to make the order, which was placed on record today.

CASE IN OREGON COURTS.

The children were practically kidnapped by their father, according to Mrs. Montgomery. Her counsel will now make a showing in the courts of Oregon, and if she regains possession of them it is thought likely that she will be allowed to keep them permanently.

Mrs. Montgomery has all along contended she was not properly advised, and allowed her first husband to obtain his divorce without making a proper showing and denying numbers of his allegations which were sent broadcast. Today's decision is in the nature of a triumph for her, and she will have the custody of her little ones for four months after they are turned over to her by the Oregon court.

MERCHANT UNDER HELMS FUNERAL PROBE FOR FIRE SERVICES HELD

Julius Gluck Subjected to Grilling by Marshal Towe.

SAN FRANCISCO, June 20.—Julius Gluck, president of the Gluck-Hazell Company, dealers in ladies' millinery and furs, on the top floor of the Lincoln building, in which a fire was discovered Sunday morning, was subjected to a close questioning yesterday afternoon by Fire Marshal Towe.

Detectives T. C. Murphy and A. T. McGuire, who are working on the case under the direction of Assistant District Attorney Maxwell McNutt, also questioned Gluck, and according to unofficial announcement, circumstances connected with the fire and certain details of business transactions of the firm may constitute the subject matter of a report to the Grand Jury.

Gluck was required to give a full account of his whereabouts and movements between midnight Saturday and 7 o'clock Sunday morning. According to Towe, he stated that he had played cards all Saturday afternoon and night until 4 o'clock Sunday morning at the house of a friend. The intervening time was spent at the Sultan baths, the California restaurant, and later in taking a boat to E. Verano, where he spent the day with five friends. On his return, he declares, he went directly to his home at 925 Pierce street.

That rumors that the company was in distressing financial condition were abroad was learned from a telegram to Julius Gluck from an Eastern millinery importer, asking if it was true that the Gluck-Hazell Company was insolvent, and from copies of a general letter to creditors of the firm asking that they refrain from pressing their claims until August 1, when Gluck, over his signature, hoped to send in full. This telegram and copies of the letter are now in the hands of the fire marshal.

RICH GOLD STRIKE MADE BY J. W. MOTT

MUSTANG MINE HAS HIGH GRADE ORE

Mustang mine, Inyo county, where a rich strike has been made. Below is a portrait of John W. Mott, one of the owners of the mine.

Former County Recorder Has a Bonanza

That Dame Fortune has an odd way of distributing her favors is shown by the fact that John W. Mott, brother of the present mayor, and formerly county recorder, was decisively beaten at the polls last November for re-election, but has come back to the extent that he is on the high road to financial prosperity through a fortunate mining venture. Mr. Mott's defeat in politics caused him to seek fame and fortune in other channels, with the result that he has now a controlling interest in a rich gold mine in Southern California and may be classed with the mining magnates of this state. The property in which he is interested is described as enormously rich in free gold and the prospects are, according to current reports, that Mr. Mott will soon be classed with the Bonanza Kings of this state. Several other people are also included in the good luck which has fallen on the ex-county recorder.

HIGH GRADE ORE.

From the reports which have reached this city relative to the "strike" in which Mr. Mott is interested, was made in Inyo county, midway between Mount Whitney, the highest elevation in California, and Death Valley, the lowest point in the United States. The ore body uncovered is said to vary in width from two to four feet, being and fortune in other channels, with the result that he has now a controlling interest in a rich gold mine in Southern California and may be classed with the mining magnates of this state. The property in which he is interested is described as enormously rich in free gold and the prospects are, according to current reports, that Mr. Mott will soon be classed with the Bonanza Kings of this state. Several other people are also included in the good luck which has fallen on the ex-county recorder.

LIKE NEVADA MINES.

The character of the ore is stated to be very similar to the high grade ore of Tonopah, Nev., only the ledge is much larger than those which made so many millions in the Sage Brush state. The ore is further declared that the vein is a true fissure, with a constant grade of permanence. Estimates made by mining engineers show that there is in sight at a depth of 110 feet, more than \$600,000. On this showing an Eastern syndicate is said to have offered the company a sum close to \$200,000 for the property, but this offer was declined.

EXPERT'S OPINION.

James G. Mechem, a mining expert, well known in Colorado, Montana and this state, made an exhaustive report on the property to Mr. Mott and since has become consulting and directing engineer of the Coso Keyes Mining Company. The report states that not only is the mine rich in high grade ore, but that a limitless amount of low grade ore, running from \$3 a ton to \$18 a ton, is available. The low grade ore is found in a porphyry dyke more than forty feet wide, running parallel to the rich vein. In Engineer Mechem's opinion, the porphyry dyke is destined to rival the famous Treadwell mine in Alaska, inasmuch as the ore has only to be quarried and milled at a cost of less than \$3 a ton. The amount of ore that can be taken from the dyke depends solely on the amount that can be quarried, as the supply is practically inexhaustible.

TELLS OF MINE.

In an interview with a TRIBUNE reporter, discussing the mine and Mr. Mott's chances of becoming a real mining magnate, Engineer Mechem says:

"Mr. Mott is to be congratulated in having acquired possession of such a promising group of claims. There seems to be no question but that the mine is destined to be one of the heaviest gold producers that the rich state of California has known. The mine itself is located in Inyo county, this state, and is one of several ledges known as the Mustang group. The geological conditions are perfect and would satisfy the most exacting mining expert. The vein is encased between walls of porphyry and granite, which gives a guarantee of its permanency. The problem of working the mine is a simple engineering feat, as there are plenty of water and timber to be had at a reasonable cost."

VEIN IS FREE MILLING.
"The fact that the vein is free milling and carries heavy gold values indicates the brightest kind of a future for the mine. There is no mine in the state of California at the present time which has so large a body of high grade free milling ore in sight. This ledge for its entire length will average more than \$20 a ton. In a mill test made under my supervision, ore taken from the main shaft at various levels and from six openings along the ledge, went \$22.24 a ton, not counting \$4 a ton which remained in the tailings. In various places I have encountered the ore in small bodies worth from \$500 to \$1000 a ton. These assays of themselves would not be important were it not for the fact that they are backed up by a general average from a ledge three feet in width of more than \$20 a ton. The extremely high grade ore coupled with the average high grade ore makes the property of the Coso Keyes Mining Company one of the best discovered in this state."

LOW GRADE ORE.

"In my opinion the low grade ore found in the porphyry dyke, which is from 40 to 60 feet wide, will eventually prove of greater value than the vein carrying the high grade ore. Outside of Alaska there is not a proposition in America holding such alluring prospects. There is no necessity to mine this ore from this dyke. It can be quarried like any ordinary rock. In addition the ore can be milled at a small cost 400 feet from the place it is quarried."

DIVIDENDS IN SIGHT.

"Sufficient development work has been done on the high grade vein to indicate that there is approximately \$605,000 in sight. Dividends should begin six months after the installation of an adequate mill capable of handling at least twenty-five tons of ore a day. There is a shaft 110 feet deep on the high grade vein with drifts from the lower level of 90 feet. The entire body of ore encountered here is a 'pay shoot,' and I might state incidentally that it is the longest pay shoot I have encountered in twenty-five years of experience. Without uncovering another pound of ore the properties of the Coso Keyes Mining Company will pay dividends."

"There is a fair equipment at the mine now. A hoist and engine capable of doing all necessary work for a year to come, are on the property. A mill is required. As soon as this is installed the mine will pay for itself, besides putting into the treasury of the company a fat surplus."

DENIES HUSBAND WEDDED IN FEAR

Mrs. Henry Clay Burris Files a Demurrer to Suit for Annulment.

SAN FRANCISCO, June 20.—A strenuous battle is about to be fought in the courts between Samuel Shortridge and Mrs. Henry Clay Burris, a wealthy rancher and member of a pioneer family of Santa Rosa, who claims to have been forced at a revolver point to marry Sarah Jane Burris of this city.

The accusation of Burris, made in a complaint filed two months ago, was to the effect that the girl's family had kept him prisoner and had forced him to go before a justice of the peace and marry her.

Today, Attorneys Shortridge and Power, representing the defendant in the annulment suit, filed a demurrer to the complaint. They allege that there was no force or fraud in the marriage, and that Burris does not state plainly in what way James Burris is alleged to have placed him in fear in bringing about the tying of the nuptial knot.

POLICEMAN PEEPS INTO REVOLVER

Woman Holding Weapon Is Finally Argued Into Submitting to Arrest.

SAN FRANCISCO, June 20.—A duel of wits between Policeman Eugene Herve, striving to be diplomatic, and Terse Esposito, armed with a large revolver, resulted in the arrest of the woman when Acting Captain Anderson of the Bush street station went to the rescue of his subordinate officer while Herve was holding on to a narrow window sill on McAllister street during the early morning hours.

William Thrasher, 111 Taylor street, notified Herve that the woman had robbed him of \$25. He accompanied the officer to her home, 719 1/2 McAllister street, where he stood by while Herve tried to force an entrance. He was denied admittance, so he climbed up to the window and was astride the sill when a revolver was thrust into his face.

He argued with the person on the inside and was receiving the worst of it when Anderson happened along and persuaded the Espino woman to surrender. She was booked for exhibiting a deadly weapon, but later the charge was changed to that of petty larceny.

CLASS TO FEAST AT ST. MARY'S

Twenty-one Seniors to Give a Banquet This Evening at the College.

Twenty-one seniors of St. Mary's College will attend the banquet to be given this evening at the college in honor of their graduation, which will take place Friday evening in the gymnasium. Prof. Andriano, a member of the faculty, will act as toastmaster. The speakers will be William Lowery, William Davis, Frank McCarthy, Chester McCarthy, Timothy Shea and Ray Miller. The members of the faculty who will respond to toasts are: Brother Macdaniel, Brother Agnon, J. Donovan and W. Fitzgerald.

Tomorrow evening the literary and debating society of St. Mary's College will give a banquet and theater party.

The students in the academy department of the college will receive their diplomas Thursday evening in the gymnasium.

The commercial graduates will receive their sheepskins Friday evening when the degrees will be conferred upon young men who have completed their college course. Rev. Father William P. Sullivan, pastor of St. Mary's Cathedral of San Francisco, will be the orator.

MEDAL WINNERS.

The list of medal winners for the last year was announced yesterday. The medals were allotted to the senior class of the arts department. William Lowery carried off the honors in this department by capturing first places in the contests for the alumni essay medal and for the college philosophy medal. He also received second place in the Cottle oratorical medal.

The language medal went to Sylvester Andriano of the senior class, with Louis Diavola, another member, in second place. This is the Justin gold medal for modern languages. Andriano was second in the philosophy contest.

The Cottle gold medal will be presented to William B. Davis, a senior, who won it in the oratorical contest held a few weeks ago. Members of the college classes were eligible for this medal.

MEDALS FOR JUNIORS.
The archbishop's medal for religion, which is not open to the seniors, was won by Daniel Doran of the junior class. John White of the same class was second in this and won the Dinovian medal for mathematics in competition with members of the science departments of the senior, junior and sophomore classes.

Charles Weber, a sophomore, was second. The medal presented by the staff of the Collegian, the monthly organ of the students, to one member of the staff was allotted to Clifford Russell for his work on the paper. He was also second in the alumni essay medal.

The medal winners in the academic and commercial departments have not yet been announced. The academic students are working for the language medal and the religion medal, while the banking class is competing for the commercial medal and the religion medal.

BIG SMELTER AT CORAM TO CLOSE

The Balaklala Company Gives Notice That It Will Shut Down Plant.

SAN FRANCISCO, June 20.—The Balaklala Consolidated Copper Company's smelting plant at Coram, Shasta county, a million-dollar concern, may be forced out of business in the near future as the result of conforming to the direction of the federal court. Farmers' property owners in the neighborhood adjacent to the plant declared that fumes have destroyed crops, and petitioned for an order forcing the copper people to use machinery of improved pattern to avoid the devastation.

The company avers that it cannot comply with the order of the United States Circuit Court, and it has therefore given notice that it will quit business. The concern will operate forty days in order to smelt 10,000 tons of ore on hand.

GUARDIANSHIP OF FATHER SOUGHT

Hilda Wicker Seeks Legal Control of Parent Who Was Sent to Asylum.

Hilda Wicker, daughter of Herman E. Wicker of Alameda, who was committed to the insane asylum at Stockton last Saturday, applied today to the probate department of the Superior Court for letters of guardianship to his person and estate. The property consists of \$2000 in money due to Wicker from a life insurance policy issued by California Circle No. 178, Ladies of Woodcraft, on the life of his wife, Johanna, who died May 25.

ON VACATION TRIP.
Mr. and Mrs. W. M. Watkins will leave tomorrow morning for a month's stay at Adams Springs, Lake county.

When looking for a cheap piano don't buy a new one—simply because it is cheap. Buy from a standpoint of quality first. THEN see if the price is commensurate with what you wish to pay. If the price and quality are suitable, YOU'LL have no future regrets. But if price alone is your guide it becomes a lottery—and the amount of outlay is too great for such a hazard. In used pianos we have fifteen on which we can give an unqualified recommendation. The quality in every one merits the price quoted. If for the present you wish to pay but a small amount for a piano you can receive in any one of these a full dollar in piano value for every dollar expended. Each one of these pianos has passed through the hands of our experts—with but one idea in view—finding the condition of the piano from a standpoint from which the usual purchaser is entirely ignorant. The structural standpoint. From this viewpoint our prices are made. Every one a true value. Come in and see these Wednesday.

FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance. When the roots of the hair are entirely dead and the pores of the scalp glazed over, we do not believe that anything can restore their growth.

When Rexall "93" Hair Tonic will do as above stated, it is not strange that we have such great faith in it, and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs, which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not turn nor permanently stain the hair.

We want you to test a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Rexall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at the Rexall Drug Co., Inc., Tenth and Washington, Thirtieth and Broadway, Sixteenth and San Pablo.

PAINLESS DENTISTS

Your bad or missing teeth can be replaced by our Alveolar System of bridge work. It is impossible for you to distinguish these teeth from the ones nature gave you. They are stationary and cannot be moved. They restore the natural lines of the face. Each tooth is as firm as your natural teeth were. If you have only a few teeth left in either jaw, don't have them extracted until you have consulted us and investigated our methods thoroughly. Examination and advice free.

No Charge for Extracting when teeth are ordered. A written guarantee for 20 years with all work. REGISTERED GRADUATE DENTISTS only. Lady attendants. Credit if desired. Open every evening until 8; Sundays 10 to 1.

BRANDS PRESS AS GREAT EDUCATOR

Dr. W. F. Snow Declares That Many Children Must Depend On Newspapers.

SACRAMENTO, June 20.—Taking as his title "Education System for Adults and an Undeveloped Auxiliary," Dr. W. F. Snow in the state board of health bulletin for May declares that the vast majority of children who never get beyond the common or elementary schools of the state must depend upon the newspapers for their education. He praised the press as an educator and for its influence upon the public, but he regrets the fact that a system has not been devised to take care of these children who do not profit by the educational institutions of the state. He declares that news has a far-reaching influence.

Aside from descriptions of the auxiliary the state board of health has for educating the people in the matters of health and sanitation, vital statistics for April are given. In April there were 355 fewer deaths than in March of this year, and a table shows that in April there were 2799 births as against 2652 for the same month in 1910; 2668 deaths against 2805 for 1910, and 1997 marriages against 1960 for last year.

The white plague still leads in the list of victims for the state. Tuberculosis carried away 293 persons in April, cancer 162, diseases of the nervous system 222, diseases of the digestive system 133, pneumonia 172, Bright's disease 137, and violence 255. There were fifty-eight suicides during the month.

BLAZE DESTROYS BIG FRESNO REFINING PLANT

FRESNO, June 20.—The refining plant of the California Fresno Oil Company, located about two miles east of Fresno, along the Southern Pacific railroad, was completely destroyed by fire shortly after 5 o'clock last night, together with about 100,000 gallons of gasoline, distillate and crude oil. The loss to the plant will be about \$10,000, while the loss in oil is estimated at \$80,000. As insurance can not be carried on such property, the loss is total.

The fire started from an oil still that became overheated and sprang a leak. The oil running out caught fire, and in a few minutes the entire plant was in flames. The black smoke rolled up hundreds of feet in the air and could be seen for miles. As the plant is located some distance from the city, none of the apparatus of the fire department was sent down. Although a high wind was blowing, there was nothing near the oil refinery to burn.

RETIRED CAPITALIST DIES

STOCKTON, June 20.—John Milan, a retired capitalist and one of the oldest residents of Stockton, died at his home here yesterday after a short illness. Milan came to California via the isthmus, over sixty years ago. For many years he was connected with local flour mills, but later engaged in the real estate business and amassed quite a fortune. He was 85 years of age and a native of Italy.

F. S. Rexford, 616 New York Life Bldg., Kansas City, Mo., says: "I had a severe attack of cold which settled in my back and kidneys and I was in great pain from my trouble. A friend recommended Foley's Kidney and Bladder Pills and I used two bottles of them and they have done me a world of good." Wishart's Drug Store, Tenth and Washington Sts.

MAD DOG SCARE SWEEPS FRESNO

Rabies Are Found in Head of
of That Bites Three
Persons.

FRESNO, Cal., June 20.—A telegram received today from the director of the State hygiene laboratory at Berkeley declared that examination of the head of a dog that died here Sunday after biting three people showed that the animal had rabies. Two of the victims of the dog will leave at once for Los Angeles to take treatment. They are Mrs. S. M. Rohring and the seven-year-old son of E. E. Hill, both of this city. Dr. William W. Cross, who was bitten while examining the dog, will take treatment here.

The canine bit twenty dogs that are known of here, and while some were killed, others are still at large. A request has been received by health authorities from the State board of health that all dogs be muzzled as a precautionary measure.

CHRISTIAN SCIENCE HEALER ON TRIAL

New York Law Would Brand
Saviour a Criminal, Says
Lawyer in Defense.

NEW YORK, June 20.—Wentworth Byron Winslow, a Christian Scientist practitioner, must stand trial here charged with practicing medicine without a license. The magistrate's court, which held him, concurred with the opinion recently announced by Magistrate Freshlin holding Winslow Vernon Cole, another healer, that such faith healing practices are in violation of the law.

Counsel for Winslow filed a brief which upheld the practice of healing by Christian Science, declaring that it had converted Winslow himself from a drunkard into a healer of the church.

BRILLIANT YOUNG STUDENT IS BACK FROM THE EAST

J. I. MEYEROVITZ, student in the Union Hebrew College of Cincinnati, who will deliver an address in Beth Jacob Synagogue.

After an absence of eighteen months from this city, J. I. Meyerovitz, son of Dr. and Mrs. Benjamin Meyerovitz of 1064 Tenth street, returned last week from Cincinnati, where he is preparing for the ministry in the Union Hebrew college. Upon his arrival here he was welcomed by hosts of friends and relatives, who are interested in the welfare of the young student. He will deliver a short address Saturday morning before the members of the congregation Beth Jacob in the sanctuary, Ninth and Castro streets.

During his college course he officiated in one of the large synagogues in Chicago. He is a forceful speaker.

According to his present plans he will register in the University of California summer school at Berkeley. Meyerovitz has distinguished himself for his scholarship. He will return to Cincinnati in three months, when he will continue his studies.

\$50,000 FIRE IN SEATTLE BUILDING

Two Floors of Structure in the
Heart of Wholesale District
Are Gutted.

SEATTLE, June 20.—Fire early today gutted the third and fourth floors of the four-story brick building at Occidental and Jackson streets, occupied by the Seattle Cracker and Candy Company, causing a loss estimated at \$50,000. When the fire was discovered the upper floors were ablaze.

The building is in the heart of the wholesale district and for a time it was feared that the fire would spread to adjoining property, and a second alarm was sounded at 2 o'clock the fire was under control.

In addition to the damage caused by the fire on the upper floors, much damage was done by water in the lower part of the building. The loss is fully covered by insurance.

The quarters occupied by the Main Belting Company, M. J. Brandenstein, tea importer, and the West Coast China Company, which used the ground floor, were flooded with water and the loss to these firms from this source will be heavy. The cause of the fire is not known.

SOCIALIST CANDIDATES SWAMPED IN EUREKA

EUREKA, June 20.—Launching their full strength against the Socialist ticket, the Socialist party of Eureka met with a sweeping defeat in yesterday's election in this city.

The full non-partisan ticket elected, with the exception of the two places mentioned, follows:

Mayor, F. W. Georgeson; councilman, First Ward, Daniel Halloran; councilman, Second Ward, John M. Sampson; councilman, Third Ward, Charles F. Roberts; councilman, Fourth Ward, Mel Engles; councilman, Fifth Ward, G. M. McDaniels (Socialist).

All the minor offices were taken by the non-partisan candidates.

Fifteen freeholders who will frame a new charter for the city of Eureka were also elected, all being on the non-partisan ticket.

F. B. Barnum, Peter Belcher, Frank Beckwith, E. P. Campbell, W. S. Clark, W. E. Cook, J. P. Coonan, A. Cottrell, H. W. Hamilton, G. W. Hunter, William Kehoe, W. L. Lambert, J. F. Mahan, J. E. Neighbor, G. H. Fleming.

FRANK MELVILLE TO BE
TRIED IN SACRAMENTO

VALLEJO, June 20.—Frank Melville, the boy bandit, will be tried in the Sacramento courts. His decision was reached by Chief of Police W. T. Stanford and District Attorney J. R. Raines, who returned yesterday from the capital city, where they had had a long conference with the authorities of that county.

Even without the boy's confession, the Sacramento police have a perfect case against him. He has been positively identified as the lone bandit who held up two street cars and at least three saloons. These charges, whose truth he has already admitted, added to his sentence at Folsom and his record in the Preston reform school at Lone, are enough to send the boy to the penitentiary for the rest of his life.

Melville was given his preliminary hearing in the justice court of W. R. Reeves at Fairfield late yesterday and was bound over to the Superior Court. He is charged with assault with a deadly weapon, with intent to commit murder. His bail was fixed at \$20,000.

JOHN F. MULGREW BURIED.

HEALDSBURG, June 20.—The body of John F. Mulgrew, who died in San Francisco Friday evening, was interred in the local cemetery yesterday. Services were held in St. John's Catholic church in this city.

ARE YOU PROUD OF YOUR BUNGALOW

Grand Amateur Photographic Competition for
Owners or Admirers of Bungalows.

The present tendency of the home-builders toward the cozy and always artistic bungalow is an indication of the desire of the great people to get away from the confinement of flats, hotels and apartments.

More ingenuity of the home-builder and architect is demonstrated in the modern bungalow than any other style of building. Here must be combined the artistic with the economic. Here will be found the practical with the beautiful. When Mr. and Mrs. Newby plan the new bungalow the financial exchequer does not warrant any reckless expenditure.

Oakland is the typical place for the bungalow. Every natural condition obtains to render its construction possible and easy. Flowers and shrubbery, so essential to the proper finishing touches of bungalows, thrive luxuriantly. Thousands of artistic and comfortable bungalows are hidden away in sequestered nooks in Greater

Oakland. The eyes of the world are gladdened by the sight of these. Since it is impossible to transport all the many thousand TRIBUNE readers to these pretty places, it has been thought advisable to conduct a photographic competition, open only to amateur and bungalow owners.

Beginning Sunday, June 24, a page devoted to the promotion of bungalow building and sites will be conducted in THE OAKLAND TRIBUNE.

A reward of merit will be given by those conducting this department for the best photo sent in each week. Your Eastern and state-wide friends will be pleased to see the fine bungalows to be shown.

The reward of Five Dollars for the best photo each week will compensate for any expenses. Watch closely this page, where plans and specifications will also be given each week. The best results of architects both local and foreign will also be shown.

AWARD CONTRACT
FOR STREET WORK

San Leandro Contractor to Macadamize Thoroughfares At Once.

SAN LEANDRO, June 20.—Contracts amounting to a trifling more than \$100,000 were awarded to Antonio Perry, a local contractor for the macadamizing of Caliente avenue, Hayes and Castro streets, at a meeting of the Board of Trustees last night. The award marks the beginning of a great amount of street work and sidewalk work in the town. In the eastern section, near the foothills, several streets will be improved, as well as several in the lower or southern section within the next few months.

In regard to the proposed campaign to be started by San Leandro, Newark, Decoto, Centerville, Hayward and Livermore for a portion of the \$18,000,000 good road fund, to be used as a boulevard connecting these towns on the southern side of the bridge crossing the San Leandro creek in return for a franchise. This franchise is wanted in conjunction with the other franchises secured from the city of Oakland for the extension of the Seventh street local line from Melrose to Hayward and the extension of the Melrose and Elmhurst districts are in favor of putting the line through the hills in the rear of East Fourteenth and have urged many of the residents of San Leandro to vote for the franchise being granted. The granting of such a franchise means the opening up of old Santa Clara street, from Dutton avenue to the Estadillo avenue, and will be a great boon to the property owners.

TO CALL CONFERENCE.

Next Friday evening representatives of the Southern Pacific Railroad Company, the San Leandro Chamber of Commerce, the San Leandro Board of Trustees and the Broadmoor Improvement Club, as well as any of the property owners in San Leandro who wish to attend, will be called to conference at the city hall for the purpose of deciding whether the city of San Leandro will or will not accept the proposition presented to them by the railroad company in regard to having a bridge crossing the San Leandro creek in return for a franchise. This franchise is wanted in conjunction with the other franchises secured from the city of Oakland for the extension of the Seventh street local line from Melrose to Hayward and the extension of the Melrose and Elmhurst districts are in favor of putting the line through the hills in the rear of East Fourteenth and have urged many of the residents of San Leandro to vote for the franchise being granted. HIGHWAY SOUGHT
BY CONTRA COSTA

Committee of Fifteen to Ask for Lateral of Thoroughfare.

MARTINEZ, June 20.—A committee of fifteen men will attend to the matter of securing a lateral of the state highway for Contra Costa county. This committee will be appointed by R. S. Jones, assemblyman for this district.

This was the decision of a number of representatives from all over Contra Costa county who met here yesterday at the invitation of J. H. Hartill, chairman of the Board of Supervisors, for the purpose of considering ways and means to secure a lateral highway.

One hundred men from throughout the county were present at the meeting, being called from each of the five superior districts. The committee was chosen chairman.

The session continued until 4:30 o'clock this afternoon, but the delegates could not "get together." The representatives of Martinez, Martinez and other bayshore communities held out for having the proposed road run along the bay shore from Stockton to Oakland, while the inland towns want the road to be laid out through the interior valleys.

After several hours of discussion the representatives still were unable to agree and Jones was authorized to appoint three men from each of the five superior districts, to serve as a committee with power to act for the county.

The state appropriation for the improvement of the roads of Contra Costa county amounts to \$30,000, and the representatives at the meeting considered the records and correspondence of Mrs. L. E. Swartout, mistress of finance, Mrs. Louis Timmons, protector, Mrs. L. Epstein, outer guard, Mrs. Mary Lucas.

GRAMMAR SCHOOL HOLDS
GRADUATING EXERCISES

DECOTO, June 20.—The graduating exercises of the Decoto grammar school held at the school house Friday evening.

The bank is established in the money order department and is to remain open as long as that division of the postoffice is open for business. Assistant Postmaster Eugene Hunt has charge of the new department.

The sum of \$168 was deposited the first day. The largest amount paid in by any one depositor was \$88. There were eleven depositors in all. The rules of the office bar any one depositor from paying in more than \$100 in one month and will not permit more than \$500 being deposited in all. Children are also allowed to open accounts. No account may be opened for less than \$1. The government pays 2 percent interest on all deposits.

PRISONER HOLDS TWO
DEPUTIES AT BAY

MARTINEZ, June 20.—Ramon Fablar, a Mexican inmate of the county jail, kept two deputies at bay when they attempted to take a knife from him yesterday morning. Fablar, who is serving a sixty-day sentence on a charge of misdemeanor, was only overpowered after a hard struggle in which Deputies Howard Veale and Joslin figured and the knife taken from him.

Fablar has been working in the chalmers and is supposed to have found the blade of a butcher's knife in the streets. He ground the weapon down to a razor edge and yesterday threatened the life of Lawrence Jones, a fellow prisoner with whom he had a quarrel. A report that he is an escapee from a Mexican prison is to be investigated and, if found to be true, Fablar will be deported.

FIVE EVENTS ON
THE FISTIC CARD

"Richmond's Pride" Among Those to Mix it at the Opera House.

RICHMOND, June 20.—This city will see its first big fistic entertainment in many months when tonight at the opera house, under the management of Dr. H. N. Greger, several pugilistic encounters will be pulled off.

There will be five events in all, the first a six-round go between Frankie Harris, coast champion at his weight, 126 pounds, and challenger Mike Hogan. This is not the first time Hogan has challenged Harris, but he hopes to have better success in his match tonight than he has had heretofore.

There will be a four-round preliminary between "Cyclone" Willie McLean of San Francisco and "Fighting Bob" Burns of Oakland, at 133 pounds; a four-round go at 150 pounds between Young Wolfgang, Richmond's pride, and Jimmy Stanton of San Francisco; a four-round go between Dick Wayne and Pete Black at 118 pounds, and a go between Ah Wing, a Chinese boxer of San Francisco, and Young Hashimura, the champion Japanese fighter. This last event promises much interest, for these two fighters have met before and fought to a draw, and tonight hope to make it to a finish.

"Gunboat" Smith, who has been living in Richmond for the past few weeks, is expected to referee in the Harris-Hogan bout.

If tonight's contest goes off without any hitch, or any unpleasant features, this will be only the first of a series of boxing events to be held here in the near future.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

THE HOME OF PROFESSOR AND MRS. C. A. KOTOLD in Berkeley will be the scene of a pretty wedding this evening when two graduates of the University of California, Dr. Samuel L. Bailey and Miss Edna L. Watson, M. D., will be married by the Rev. W. K. Guthrie of San Francisco. Both bride and bridegroom are prominent in social and college affairs. While at college Miss Watson was actively identified with the affairs of the Eucalypt Club and the Phi Beta Kappa. She has a wide circle of friends here, but on account of a recent death in the family only the relatives will be present at tonight's ceremony.

Dr. Bailey is a member of the Call-medico Club at the university and of the Alpha Kappa Kappa. After the wedding trip the couple will make their home in San Francisco.

LITTLE SON IS BORN.

Mr. and Mrs. Frank Kennedy Jackson are rejoicing over the advent of a small son, Maxwell, in the family, who was born Sunday morning at the new home of the couple in the Piedmont hills. Later in the summer the Jacksons will go to Brookdale, where they will visit Mr. and Mrs. Henry Jackson at their country home.

Mr. and Mrs. Henry Jackson are at present in the Yosemite Valley, but will arrive here in a few days.

SUMMER PLANS.

The Willard Williamsons write that they are enjoying some pleasant weeks in Sonoma county. They will return home this week, and on July 1 Mrs. Williamson, Miss Nona Williamson and Miss Barracough will leave for a three-weeks' visit in the Yosemite. The Wickham Havens motored down to Santa Cruz over the weekend.

The E. J. Cowings are spending some delightful days in their ranch on the Sacramento river.

Mrs. M. Glenn and the Misses Glenn will leave in a day or two for Colusa county.

HOBART PIERSONS TO RETURN.

Letters from London tell of the departure for home of the Hobart Piersons. Mrs. Pierson, before her marriage, was Miss Edith Bligh, prominent in social gayeties here.

WEDDED MONDAY EVENING.

Miss Mabel Wixson and George Barr were married Monday evening at the home of the bride's brother, Sanford Wixson, in Monte Vista avenue. Rev. Mr. C. H. Hobart read the ceremony.

WOULDN'T SAIL WITHOUT 'EM

Miss Eleanor Spang, a wealthy unmarried woman, who owns a house in Washington and another in Paris and who recently has been a guest of the Hotel Plaza, was booked to sail on the Kronprinz Wilhelm.

For several days past she had overseen the packing of her fifteen trunks by her French maid, Celeste, who understands little English. She had placed some of her lingerie in a suit case to have it by her in her cabin.

When it came to packing her fishing implements for Miss Spang is a great fisherwoman—she told Celeste to "leave out the longest reel." Celeste thought she meant the "lingerie."

When Miss Spang arrived at the ship, accompanied by Max Thompson, assistant manager of the Plaza, she found on looking over her baggage that the suit case containing the lingerie was missing. She became panic-stricken. No, it was absolutely impossible for a lady to sail under such conditions. She must have it—no, those things.

Thompson dashed to a phone, called up a porter, at the Plaza, gave instructions where to find the suit case, and ordered him to rush to the Twenty-third street subway line in a taxi. Thompson dispatched another taxi to meet the por-

mony before half a hundred guests. A profusion of pink sweet peas and roses decorated the room. The ceremony took place in a bower of pink and white blossoms.

The matron of honor was Mrs. Helen Wixson, who wore a gown of Alice blue, trimmed in old lace. The bridegroom was pale blue embroidered tulle. The bride is the daughter of Mrs. C. H. Wixson of Sacramento and has frequently visited here. The couple will live in this city.

WEDDING DATE SET.

The wedding of Morris Gledree and Miss Corinne Jonas will take place on Sunday, June 25. A large number of guests will witness the marriage ceremony.

Miss Mary A. Sullivan and James P. Mullen will solemnize their marriage June 23 in St. Francis de Sales Church before a large assemblage of friends.

INTERESTING ENGAGEMENT.

The engagement of Elliott Hathaway Pierce of Berkeley and Miss Ethel Moffitt is of interest to many. The attractive bride-elect is attending a fashionable school in Los Angeles and is the daughter of Mr. and Mrs. James Pierce of Berkeley. He is a graduate of the State University and is a member of many clubs. The wedding will probably take place in the near future.

Miss Moffitt is a grandniece of the late David Moffitt. She has made her formal debut in the social whirl, and her fiancé is the son of Mr. and Mrs. James Pierce of Berkeley. He is a graduate of the State University and is a member of many clubs. The wedding will probably take place in the near future.

WEDDING NEXT WEEK.

The marriage of Herbert Breed and Miss Edith Rickley will be solemnized on June 27 at the Plymouth Congregational Church before about a hundred guests. The Rev. Albert Palmer will be the officiating clergyman. Miss Rickley will be attended by Miss Annie Dale Biddle and William C. Clark will be best man for Breed. After their honeymoon in Europe and his bride will occupy their own home on Linda Vista Terrace. Both Breed and Miss Rickley are graduates of the University of California and are prominent in college affairs. Breed holds a high office in the Masonic order and is also a well-known club man.

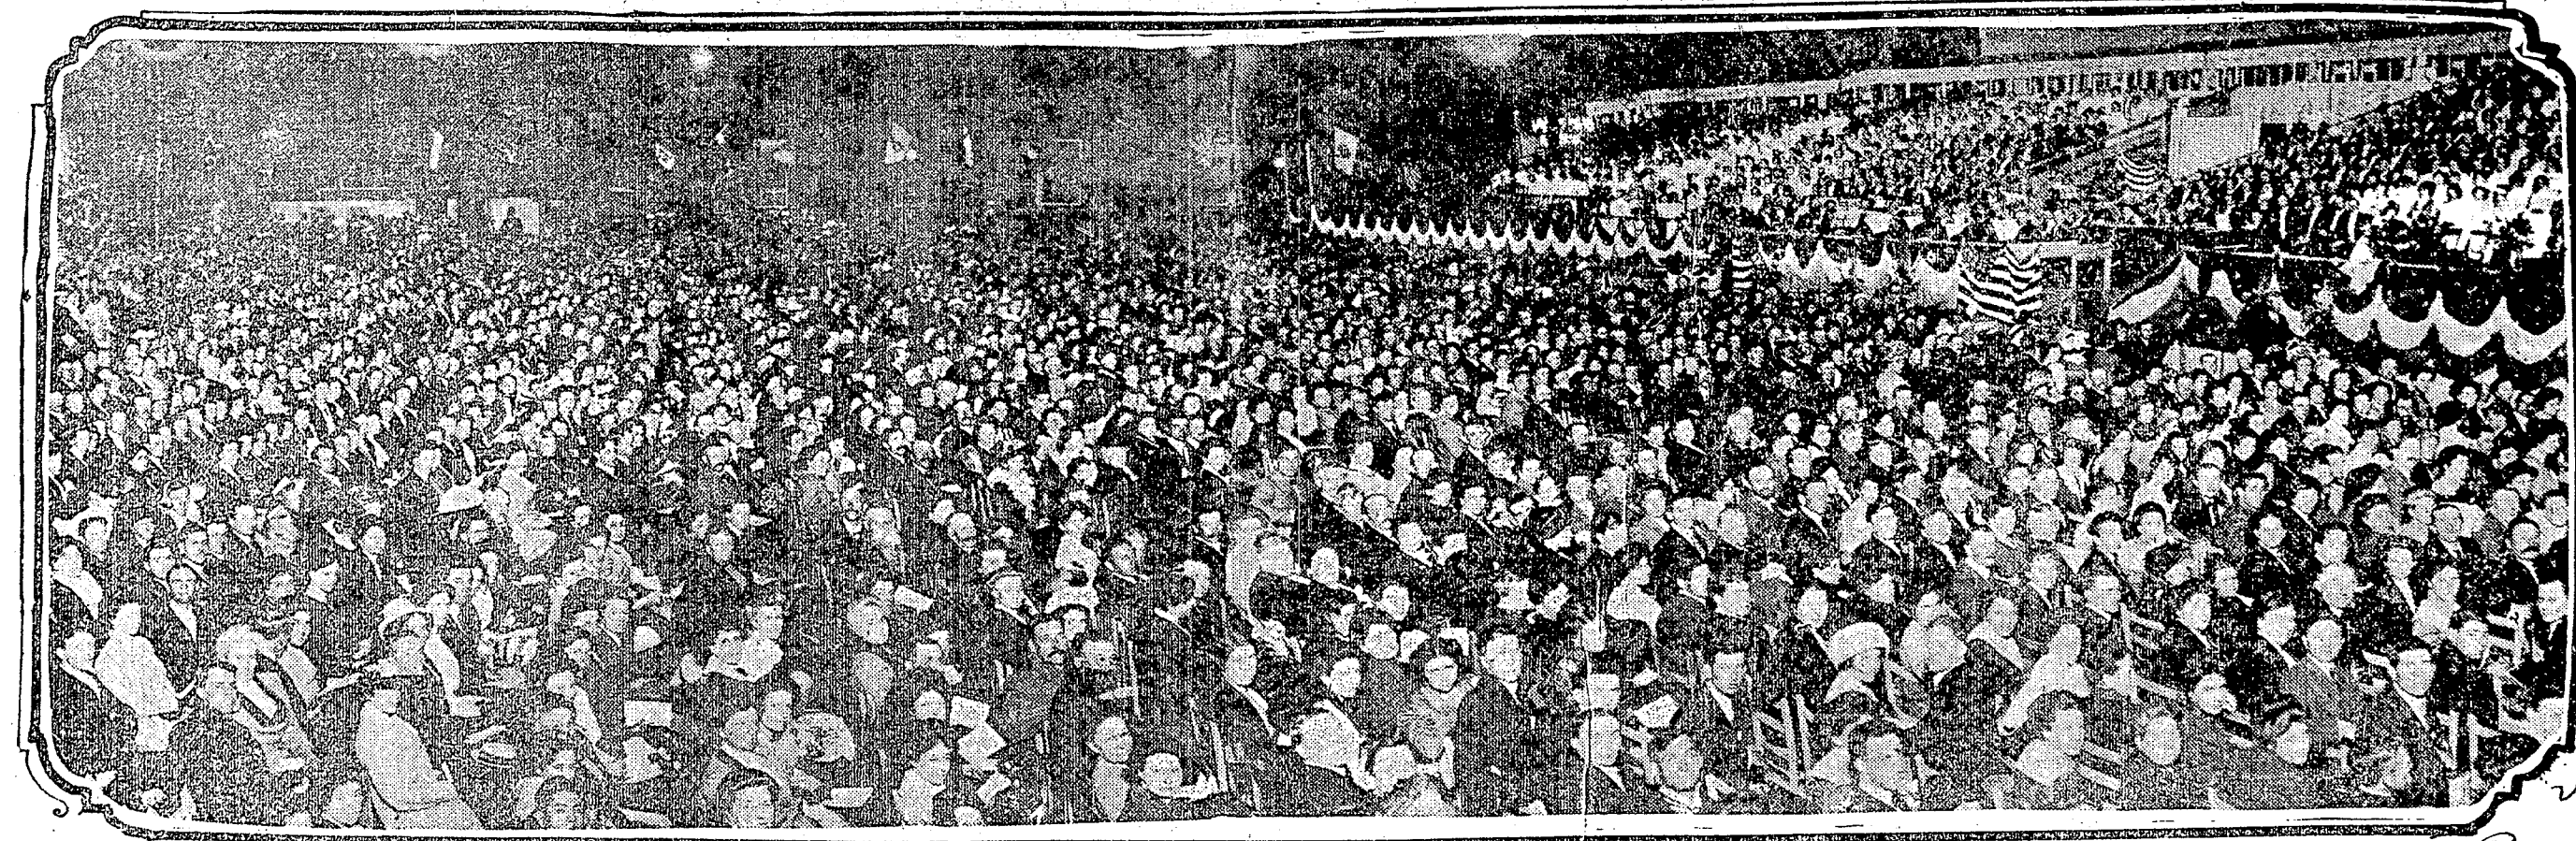

QUIET HOME WEDDING.

A pretty marriage at the residence of the bride's parents, 661 Sycamore street, on June 18, was that of Orin David Cummings and Miss Mable Elizabeth Hostrawser. Only the members of the family and a few intimate friends were present. Cummings is a sergeant in Company A, Fifth Infantry, the National Guard. The ceremony was performed by Rev. Arthur Hicks, the chaplain of the regiment.

SUNDAY SCHOOL CONVENTION OPENS

SCENE AT THE COLISEUM, SAN FRANCISCO, DURING THE MONSTER CONCERT GIVEN LAST NIGHT AS A PRELIMINARY TO THE INTERNATIONAL SUNDAY SCHOOL CONVENTION, WHICH OPENED ITS SESSION TODAY. A CHOIR OF ONE THOUSAND VOICES WAS A FEATURE OF THE CONCERT LAST NIGHT.

HOME MISSIONS SUBJECT BEFORE CHURCH DELEGATES Religious Needs Nearby and Abroad Are Told to Members of League at San Francisco Conference

SAN FRANCISCO, June 20.—Home missions was the subject that engrossed the thousands of delegates to the thirteenth triennial convention of the International Sunday School Association of North America, that convened here this morning. The principal address of the morning session was delivered by Rev. Henry G. Coker of Kansas City, who spoke on "Christianization of North America."

The religious needs of the frontiers were discussed by Rev. J. V. Milligan of Portland, Ore., who spoke of the mining camps and cattle ranges, and Rev. F. E. Higgins of Benildji, Minn., who told of missionary work in the logging camps. Rev. F. W. Emerson of Los Angeles spoke on "The Needs of the American City."

F. W. Emerson of Los Angeles delivered an address on "The Needs of the American City," which he considered from religious, economic and political points of view. After reviewing the physical problems, he said:

"Whatever of failure there is in city administration today is moral failure. There is increasing need of officials of more intelligence whose character is absolutely incorruptible, who will accept office for the public good and not for private gain. This is a need that appeals to and calls for a consecration on the part of the Christian business and professional men quite as important as the need and call to the minister to preach the gospel."

CHORAL CONCERT.

The choral concert of a thousand voices, which opened the International Sunday School convention last night, packed the big Coliseum at Oak and Baker streets to its very doors. At least ten thousand persons, representing Sunday schools of every State in the Union and of almost every country in the world, were present. Besides the immense chorus of voices, an orchestra of 100 pieces rendered the music for the concert, and among the soloists were Miss Louise Brechun, who sang Costa's "I Will Extol Thee," and two encores, including "The Last Rose of Summer," and Mrs. Sarah Bibby, soprano, who sang the aria from Mendelssohn's "Elijah." Miss Blanche Merrill of Stockton, violinist, played the Grieg sonata in C minor.

The "home" singers were in good form and merited the pride the city feels in its home talent. Wilfred Glenn was heard in the aria and recitative from Handel's "Judas Maccabaeus," "I Feel the Deity Within" and "Arm, Arm, Ye Brave," the depths of his bass tones being given full play.

IN TENOR SOLO.

Charles F. Bulotti was heard in the tenor solo of Bartlett's "Now Remember The Creator," in which the quartette of St. Luke's Episcopal Church choir, including Bulotti, Wilfred Glenn, Carl E. Anderson and Clarence Oliver took part, as well as singing "O Lord, God of My Salvation" (Ernest Ford), Schubert's "Great Is Jehovah," the "Gloria" from Mozart's "Twelfth Mass" and the "Hallelujah Chorus" from Handel's "Messiah" were among the big works of the evening and really magnificent in their execution.

The orchestral numbers included "St. Patrick of Tara," by Wallace Sabin and conducted by him, a composition which will be welcome beyond the usual span allotted to popularity. This composer also conducted two of his choruses from the same work, "March of the Kings" and "Veni Creator," the latter impressive with his spirit of veneration.

Robert Hubbard, who has been a prin-

cipal director of the rehearsal, shared the honors of the evening in conducting with his two colleagues, Sabin and J. J. Morris. Miss Lilla Forrester and Miss Mabel Jones being at the organ, with R. Fletcher Hubbard as pianist, accompanying the soloists.

Choral concerts of real worth and quality are a rarity in San Francisco, and the musical public appreciates such an event as last night with keenness, the long program being augmented by encores, with no suggestion of weariness on the part of the listeners, many of whom expressed the desire that the concert might be repeated and that the choral as founded under its recent tutelage might be a more customary affair. This fact was so impressed on the singers that it was decided to repeat the concert on Saturday night, and it was so announced.

HOME MISSION DAY.

Today was "Home Missions Day" at the Coliseum, George G. Wallace presiding. All the principal speakers who are to take part in the sessions have arrived, and have been given a cordial greeting by Harry Morton, president of the California State Sunday School Association, and the various local committees. Among the arrivals yesterday are the following leaders of conferences at the convention during the week:

Mrs. J. Woodbridge Barnes, Newark, N. J.; Bishop William Bell, Los Angeles; Edgar Blake, Chicago; William A. Brown, Chicago; Mary Forster Bryner, Chicago; Charles D. Bulla, Nashville, Tenn.; Joseph A. Clarke, Columbus, Ohio; Melancthon Coover, Gettysburg, Pa.; W. A. Duncanson, Syracuse, N. Y.; J. Shore Durham, Chicago; F. C. Eileen, Evanston, Ill.; William Hamilton, Toronto; C. R. Hendrix, Nashville, N. H.; Miss Elizabeth Kilpatrick, Corinth, Miss.; Mrs. Antoinette Larnoux, Chicago; J. C. McFarland, New York; Alfred D. Mason, Memphis, Tenn.; W. C. Pierce, Chicago; John R. Pepper, Memphis, Tenn.; Ira M. Price, Chicago; Elson I. Rexford, Montreal; Miss Grace Vandiver, Spartanburg, N. C.; Edward K. Warren, Three Oaks, Mich.; R. M. Weaver, Corinth, Miss.; and E. O. Excell, Chicago.

DELEGATES COMING.

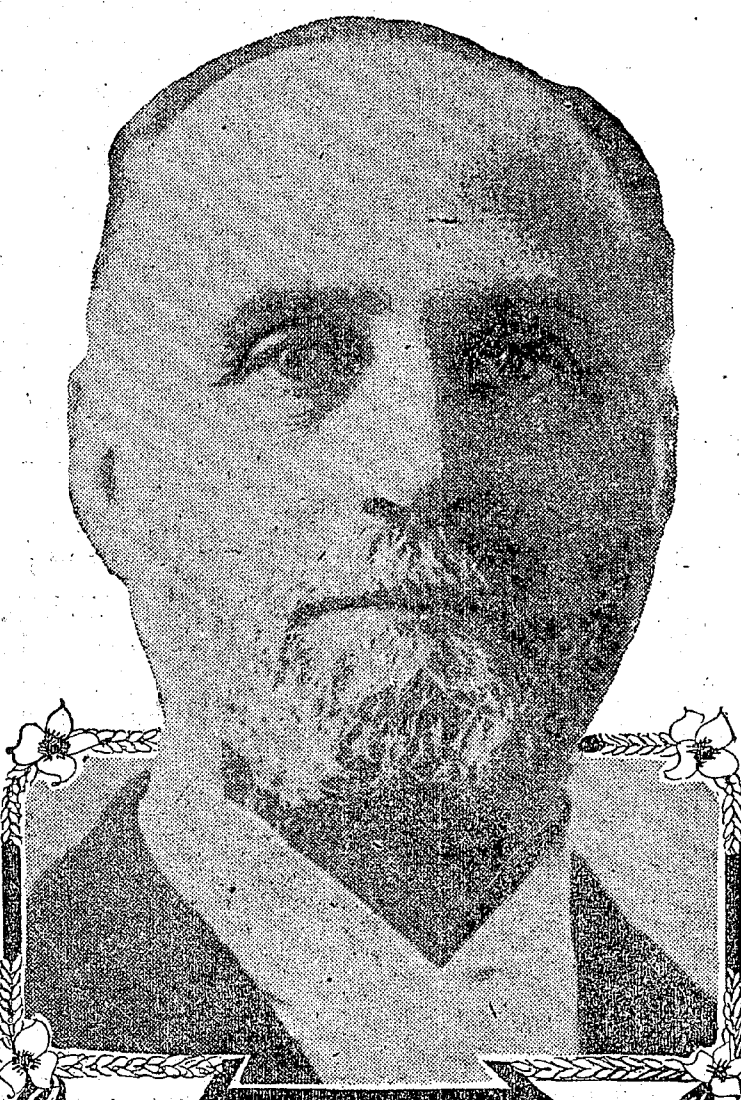

J. Wilbur Chapman, the New York evangelist, arrived in the city yesterday afternoon. Chapman will speak at the Coliseum every day during the convention.

A big feature of the convention that is being looked forward to with the keenest interest is the mammoth parade which will take place on Friday, when over 15,000 will be in the line of march. Manager J. W. Henderson of the parade committee, has called a meeting of the chief marshals, the lieutenant marshals and their aids to be held in the Central Methodist Church, this evening at 8 o'clock.

Robert Dollar has been appointed chief marshal of the parade, and to assist him six lieutenant marshals, one in charge of each division, have been named, as follows: First division, George B. Macdonald; second division, S. J. Blanchard; third division, J. H. McCallum; fourth division, S. W. Sawyer; fifth division, William M. de Wolf; and sixth division, S. G. Cook. George W. Dickey has been appointed as assistant to the chief marshal. Besides the above, there are many aids to the chief marshal, and they will be mounted on motorcycles.

7500 TO MARCH.

The manager estimates that 2500 people from the bay district will march, and that there should be at least 5000 visitors in the parade. San Jose promises 500 and the following towns say that they

HARRY MORTON, president of the California State Sunday School Association, who is taking an active part in the International Sunday School convention now in session in San Francisco. Mr. Morton is a prominent merchant of Oakland, and has long been known for his zeal in the promotion of Sunday-school work.

will send anywhere from 400 to 500 men and each man receive a Bible, which he will carry to the Coliseum, where the books will be heaped in four pyramids.

J. Shreve Durham, international superintendent of visitation, is in attendance on the convention, to report the progress of his branch of Sunday school work, that of home visitation, comprising a plan for the extension of Sunday school and church work, which he explained to the Presbyterian Ministerial Association at its regular meeting Sunday.

LOS ANGELES OFFICIAL RESIGNS

Fire Commissioner Hawley Is Said to Have Admitted Part in Graft.

Grand Jury to Resume Investigation of City Government Tomorrow.

LOS ANGELES, June 20.—C. O. Hawley, fire commissioner, who is alleged to have admitted the truth of the charge that he accepted \$150 for aiding the Los Angeles Firemen's Relief Association in obtaining desired legislation from the city council, tendered his resignation today to Mayor George Alexander. The mayor accepted it to take effect at once, although Hawley had specified the time of quitting at a date subsequent to the completion of the present graft investigation.

In his resignation Hawley said he thought his continuing as a fire commissioner might embarrass the mayor, but that he felt it would be an injustice to himself to resign before the grand jury files its report on various allegations of graft.

He, therefore, told the mayor he wished his resignation to take effect as soon after the filing of the grand jury's report as pleased the head of the city government. The mayor immediately responded in two lines that he accepted Hawley's resignation to take effect immediately.

RESUMES TOMORROW.

The grand jury did not continue its investigation of the city government today, but announced that it would resume that task tomorrow.

John S. Myers, city auditor; W. M. Humphrey, a member of the board of public works, and John Shenk, city attorney, who sought the grand jury yesterday with the intention of laying before it the facts in the case of Frank Palomares, head of the city's bureau of street assessments, who admitted being \$16,655.94 short in his accounts, told all they knew of the matter today to G. Ray Horton, deputy district attorney. The case may be laid before the grand jury tomorrow.

Martin Fetkouski, city councilman whom Hawley declared wielded so much influence that he practically controlled municipal legislation, has been summoned to appear before the grand jury.

CASES CONTINUED.

Eleven criminal cases were on the docket of the Superior Court this forenoon, it being arraignment day, but all of them were continued. Judge George L. Jones of Nevada county presided, and the second trial of Wong Loung, for murder, was continued for two weeks.

HAVEMEYER ON STAND TELLS OF HIS PLANS Would Make National Refinery Company Real Competitor of Alleged Sugar Trust

WASHINGTON, June 20.—With all the frankness of youth, Horace Havemeyer, the 25-year-old son of the late sugar king, H. O. Havemeyer, told the House "sugar trust" investigating committee today of his plans to fight the so-called trust his father built up. Incidentally young Havemeyer defended every action of his father and scored those who would condemn him.

In brief, the plan of Mr. Havemeyer is to procure from the courts right to vote the \$10,000,000 worth of common stock in the National Sugar Refining Company now in the name of James H. Post, but enough of the preferred stock of that company to make a majority interest and then manage the company in opposition to the American Sugar Refining Company. "I want to make a career for myself," declared the young millionaire, "and have no interest in the American company and no sympathy with those who are running it now."

HAVEMEYER EXPLAINS.

His retirement from the directorate of the American Sugar Refining Company was explained by young Havemeyer at the request of Chairman Hardwick.

"I had made up my mind," he said, "that I wanted to take an active interest in the National Sugar Refining Company. I went to Mr. Thomas, then the head of the American, and notified him that on January 1, 1911, I intended to retire from the directorate of the American. Then, more as a courtesy than anything else, I went to Mr. Post, who was president of the National, and told him I wished to terminate the contract whereby the B. H. Howell Son & Co. handled the National business."

"Why did you want it cancelled?" asked Hardwick.

"Because I thought the stockholders could manage its business better."

DID NOT GET FAR.

Havemeyer said he did not get very far in his plans about the National because the American Sugar Refining Company notified Post that it would hold him personally responsible if he transferred to Havemeyer, as desired, the \$10,000,000 worth of common stock of the National, which had stood in Post's name for the Havemeyer estate since its issuance, and by which Havemeyer would have controlled the National. The transfer of stock and its legality is still a subject of litigation.

OBJECTS TO SPOUSE PACKING HER TRUNK

Florence Sells was granted an interlocutory decree of divorce from Walter Sells, a tobacco merchant, late yesterday on the ground of wilful desertion. Mrs. Sells testified that during a quarrel Sells packed her trunk, sent for an expressman and was about to send her to her mother's home when, after an hour of argument, she dissuaded him from his purpose. Shortly after he left the house and his wife for good.

BERKELEY COUNCIL INJURED LINEMAN LOWERS WATER RATES

Reduces Minimum From \$1.50 to \$1.25 for Ensuing Year.

PEOPLES WATER CO. ENTERS BIG PROTEST

Corporation Attorneys Protest and Indicate They Will Fight.

BERKELEY, June 20.—Following a two-hour discussion, the city council early this afternoon fixed the water rate for the ensuing year, reducing the meter minimum from \$1.50 to \$1.25.

Representatives of the Peoples Water Company, who argued against the proposed reduction, filed a formal protest against the rate fixed, at the close of the meeting, and indicated that the company would fight the reduction.

The new rates are as follows: The five cents per thousand gallons for household, municipal and school purposes, not including water for street sprinkling, sewer flushing and fire hydrants. The hydrant rate is 10 cents per thousand gallons. The city council today accepted the reduction.

Maloney declared that the rates would not afford a revenue sufficient for the physical values reported by Expert J. F. Dockweiler, employed by the city. Maloney argued for a revenue of 7 per cent on the investment instead of the 5 per cent proposed and indicated that the company was entitled to depreciation.

SMALL CONSUMER. Mayor Hodghead stated that he believed the rates would be about the same as last year, although the rates for the small consumer would be less.

Engineer Wilhelm declared that the rates were "in cutting down the percentage of revenue," but that it had not made the percentage less than 6.

The city council today accepted the resignation of Chief Deputy Assessor Guler.

McLEANS WEDDED FIFTY YEARS AGO

Venerable Clergyman and Wife to Celebrate the Golden Wedding Anniversary.

BERKELEY, June 20.—For the celebration of the golden wedding anniversary, Dr. John Knox McLean and wife have issued 500 invitations. A reception will be given at the residence of the bride, 2727 Channing way, next Monday afternoon and evening.

Assisting in the reception guests will be the bride's daughter, Mrs. Warren Olney of Berkeley.

Dr. McLean was born in Jackson, N. Y., on March 31, 1834. In June, 1861, he married Miss Sarah M. Hawley of Salem, N. Y. The same year, he was ordained as the first Congregational minister of Fairview, N. Y.

In 1872 he came to Oakland assuming charge of the First Congregational church. He served there for a quarter of a century, when he took up the duties of president of the Pacific theological seminary.

Dr. McLean will officially retire from the headship of the seminary next month.

SECOND ATTEMPT AT SUICIDE, SUCCESSFUL

SAN FRANCISCO, June 20.—A second attempt at suicide on the part of Julius E. Eichler, a resident of the Central hotel, 774 Third street, was successful this morning and he was found dead at 7 o'clock by one of the clerks, Charles L. Lin.

A curtain of rough on rats, which was used by Eichler, and it was the same poison that he took a week ago when he was sent to the Central Emergency hospital and revived under treatment by the physician. He was 45 years old and has a wife and children.

PHYSICIANS DECLARE CHARLES E. MOORE WILL NOT LIVE THROUGH DAY

Physicians Declare Charles E. Moore Will Not Live Through Day.

ALAMEDA, June 20.—Charles E. Moore of 2612 Buena Vista avenue, a lineman in the employ of the telephone company who was injured in Fruitvale ten days ago, is lying at the point of death in Merritt hospital, the physicians in attendance state that Moore will not live through the day.

DEATH FOLLOWS AN OPERATION

Alexander M. MacLeod of Golden Dale, Wash., Dies at Hospital.

Following an operation on his fifty-seventh birthday in the East Bay sanitarium, Alexander M. MacLeod, a prominent Mason and merchant of Golden Dale, Wash., died at 12:30 o'clock this morning.

He had been ill for several months of chronic stomach trouble, and was brought here recently by his wife and a younger daughter for the operation.

MacLeod was master of the Golden Dale Masonic lodge. He was a native of Prince Edward Island.

Surviving him, besides his wife and three children, is a brother, J. A. MacLeod, of Sunas, British Columbia.

The funeral will take place after the arrival here within two days of a son and daughter from the north. The wife of MacLeod is a sister of Mrs. H. A. Moss, 2958 College avenue, Berkeley.

The funeral will be conducted under the auspices of Berkeley Lodge No. 310, Free and Accepted Masons. The remains will probably be placed temporarily in a vault in Mountain View cemetery.

ARGUE ALL DAY ON FAIR SITE

Presentation of Different Views Lasts Far Into the Night.

SAN FRANCISCO, June 20.—Practically every member of the board of directors of the Panama-Pacific Exposition Company attended the session of the board yesterday, which lasted from 10 o'clock in the forenoon until 10 o'clock at night, the only intermissions being for luncheon and dinner.

The meeting was the beginning of the final arguments for the four fair sites under consideration, the board first listening to a final presentation of the claims of the Harbor View proponents as they were presented by James McNab. In the afternoon Mr. De Young began the final argument for the site in the western half of Golden Gate park.

STRUCK BY CAR AND SERIOUSLY INJURED

Emil Vancamp, a delicatessen man, residing at 509 Sixth street, was struck about noon today by an electric car at Twelfth and Market streets, which sustained serious injuries. He was hurt internally and was painfully cut and bruised about the head and body. After being treated at the Receiving Hospital Vancamp was transferred to his home. He is 57 years old.

U. F. STEWART CALLED IN BLACKBURN CASE

SAN FRANCISCO, June 20.—The defense in the trial of Daniel E. Blackburn this morning called U. F. Stewart, an ornamental iron worker, to contradict the evidence given yesterday by Dr. Thompson.

Stewart stated that the physician had told him that in a month Blackburn would be in San Quentin, and that he would be the next supervisor in San Mateo county.

WARRANT IS ISSUED UNDER 8-HOUR LAW

SAN FRANCISCO, June 20.—Charles Bausson, a photographer of 25 Kearny street, will be arrested today for a violation of the eight-hour law on complaint of Henry Baun, state labor commissioner, who alleges that he employed Louise Hauser for eight hours and a half a day for seven days a week. A warrant was issued today by Judge Deasy.

ALAMEDA POLICEMEN ON THEIR VACATIONS

ALAMEDA, June 20.—Detective William W. Hynes and Patrolman E. J. Elmer of the local police department left yesterday for their vacations. Detective W. Hynes, accompanied by his wife, will visit Yosemite Valley, while Patrolman Elmer will take a hunting and fishing trip.

YOUNG ALAMEDAN IS SUMMONED BY DEATH

ALAMEDA, June 20.—Miss Lulu Dames, daughter of Mr. and Mrs. J. Dames of 1316 Oak street, and sister of Frank Dames, passed away yesterday after an illness of few days. Decedent was a native of Portland, Ore., but with her family had resided in this city for the last ten years.

INCENDIARY MAY HAVE FRED HALL

Alameda Landmark Destroyed by Blaze; Case of Arson Suspected.

ALAMEDA, June 20.—Has Alameda an incendiary in its midst who wishes to destroy the old landmarks of the city or what explanation can be given for the destruction of the two fires which, during the past week destroyed the old McCormick home on Alameda avenue, and last night destroyed Harmonie hall, which has stood on Park street for the past 30 years?

Last night a fire completely wrecked the property which is owned by Dr. Walter Hanwick Hughes and although the fire department was summoned to the scene by a call from box 21, which Assistant Chief Steinmetz turned in, and made heroic efforts to save the place, labor was fruitless and Harmonie hall stands a wreck today.

The flames started under the stage at the rear of the hall, stated Chief Krauthoff, and whether coal oil or other inflammable material was used, he does not know. It was impossible to force an entrance and the hose with the chemical engine and the hose on from the outside. Last night's fire was the third which has been reported from Harmonie hall during the past year. The property is covered by insurance.

FILM PLAYS NOW LIBERAL EDUCATION

Lyric Theater Shows Enoch Arden and Grand Opera "Faust."

The Photo Play theater is becoming daily more and more an institution of liberal education, as well as a place of amusement.

Some years ago blood and thunder and cheap melodrama predominated, but all of this is now a thing of the past. During the year opera, good books, scientific and educational subjects have been presented in quantity as well as in quality.

Lately that beautiful poem, "Enoch Arden," by Lord Alfred Tennyson, was filmed and presented at the Lyric theater in Oakland. For superb acting, harmonious settings true to the fisher life as depicted in the poem itself, and flawless photo play, this picture has probably never been surpassed by an American company, with possibly the exception of the recently famous "Tale of Two Cities," by Dickens.

Enoch Arden has married Annie Lee and she has called to him to her fortune. Shipwrecked he is forced to remain upon a desert island for many years. Annie, hopeful for his return, repeatedly refuses the hand of Philip, a kindly but unsuccessful rival for her love in the old days. She finally yields for the sake of her children and marries Philip.

HOME-COMING SAD

Enoch is rescued, but his home-coming is indeed a sad one, as peeping through the window he sees the new home. With courageous fortitude he goes away to his death, leaving Annie and Philip in ignorance of his return, thus permitting them to be happy at the sacrifice of his own happiness.

The poem is one of rare beauty and as shown on the screen with its faithful portrayal to real life is a gem of the purest type.

That grand opera, "Faust," with correct music, will be rendered on Wednesday, June 21. Enoch Arden on Thursday, June 22.

MANY ATTEND HYNES FUNERAL

Last Tribute Paid to Memory of Pioneer of This City.

The funeral of the late Patrick E. Hynes, father of W. H. L. Hynes, assistant district attorney, took place this morning from St. Mary's Church on Eighth and Jefferson streets.

The funeral procession left the chapel of E. James Finney on Eleventh street at 8:30 o'clock and proceeded to St. Mary's, where a requiem high mass was said in the presence of the family and friends of the dead man, among them being many men prominent in the business and civic life of the community.

The pallbearers were: Sheriff Frank Barnett, Chief of Police Wilson, Captain of Police Lynch, ex-Chief of Police Fletcher, C. H. Brommahan and R. C. Bell of San Francisco.

The church was well filled with friends and acquaintances of the family and many beautiful floral offerings covered and surrounded the coffin, showing the esteem in which the deceased was held. Notable among them was that from the Oakland police department, in which the dead man served for over twenty years.

The interment took place at St. Mary's cemetery and was private, being attended only by the immediate family and close friends. Hynes was a pioneer of the police force of this city. He leaves a widow, Alameda M., and an only son, the assistant district attorney. He was a native of Ireland.

SAN FRANCISCO TAX RATE FIXED AT \$2

SAN FRANCISCO, June 20.—As a measure of urgency the supervisors temporarily suspended the charter yesterday and finally passed Bill 1783, which authorizes levying a tax of 62 1/2 cents on the hundred dollars of the assessed value of property in excess of the established rate. It amounts altogether to a 42 rate. Bill 1784, also affecting the levying of the tax, was finally passed also. It supplements Bill 1783.

J. ABRAHAMSON CHOSEN PRESIDENT

Officers Are Elected by Chamber of Commerce Building Association.

The organizing of the Chamber of Commerce Building Association was completed yesterday at a meeting of the stockholders held in the offices of Snook & Church, in the Oakland Bank of Savings building. The association was formed recently to enable the chamber to acquire the property on the corner of Thirteenth and Harrison streets for a new home for the organization. Within a few days an additional payment will be made on the property in question, which will give the association actual proprietorship. The building, a two-story stone structure, will be partially remodeled to suit the demands of the association.

The officers elected yesterday are: President, Jules Abrahamson; vice-president, Frank A. Leach Jr.; treasurer, J. Y. Eccleston; secretary, A. A. Denison.

Following is the board of directors: E. C. Campbell, Jules Abrahamson, J. Y. Eccleston, Frank A. Leach Jr., C. F. Gorman, W. S. Mackay, George C. Pardee, George E. Randolph, A. Jonas and Frank J. Woodward.

The Oakland Bank of Savings will be the repository of the corporation's funds.

FRUITVALE MAN AMONG THOSE REPORTED MISSING

An appeal was made to the police this morning to assist in a search for Oscar Swanson, 2207 Twenty-seventh avenue, Fruitvale, who left home at 9 o'clock Sunday morning and has not yet been heard from by his relatives. He is described as 25 years old, five feet eight inches tall, weighing 190 pounds, light hair, blue eyes and was dressed in a dark blue suit, starched shirt, brown and blue stripe, new tan button shoes and wore a light felt hat.

TO INSPECT WATER SOURCES. BERKELEY, June 20.—Mayor-elect J. Stitt Wilson left yesterday for the high Sierras to inspect water sources. Although it is a vacation trip, Wilson will inspect possible sources of water supply in the mountains.

BENTON SLATED FOR REMOVAL, IS LATEST RUMOR

DR. J. J. BENTON, who will figure in political upheaval.

BERKELEY, June 20.—The political lightning will again play about the head of Dr. J. J. Benton, city health officer. If it does not strike him, it is expected that the first clash, when the Mayor-elect will be accepted, will be on account of Dr. Benton, who was never permanently appointed by the present municipal regime and who is said to be slated for dismissal by Wilson.

He served for two years under the Hodghead administration by monthly appointment. Friend William Richardson, who is influential with the new administration, is friendly toward Benton, however, and will fight his removal.

It was rumored yesterday that J. J. Jessup was to be appointed city engineer only and relieved of the additional work as street superintendent. This would result in a slight decrease in salary.

A. C. Taber has sent in his resignation as deputy assessor, and it is understood that it will be accepted.

There are rumors of sweeping changes to come in the health department.

IMPROVEMENT CLUB DISCUSSES SUFFRAGE

RICHMOND, June 20.—The West Side Women's Improvement club held a special meeting yesterday for the discussion of woman's suffrage. The meeting was held in the assembly room of the Carnegie library, and had for its main speaker Mrs. Elizabeth Lowe Watson, for the last two years president of the State Equal Suffrage League.

Mrs. Grant Taylor was also heard upon the subject of suffrage.

The meeting was well attended, being arranged for by the suffrage section of the club of which Mrs. T. C. Schram is chairman, and had for its main speaker Mrs. Elizabeth Lowe Watson, for the last two years president of the State Equal Suffrage League.

KANGAROO RATS HOP INTO TRAPS

University Scientists Secure 1500 Specimens of Mammals in San Joaquin.

UNIVERSITY OF CALIFORNIA, June 20.—Three four-toed kangaroo rats, twelve five-toed kangaroo rats, one long-tailed harvest mouse, four long-legged pocket mice, five Fresno pocket gophers, one house mouse. This is a list of one-night's catch by a staff of collectors from the university museum of vertebrate zoology.

Headless of the vacation season, the staff of the museum is engaged in the classification and cataloging of some 1500 newly captured specimens of California mammals.

The large collection has been brought in through labors in the field, extending over a period of three months, of H. S. Swarth of the regular staff, and two assistants, W. L. Chandler and H. A. Carr. From June 1 to June 15, the zoological explorations in the San Joaquin valley to ascertain the nature of the vertebrate fauna of the region. Work was begun at Tracy and prosecuted on a chain of localities south as far as Berkeley and thence westward to Santa Margarita in San Luis Obispo county.

At each center of activity a base station was adopted, whence lines of traps, large and small, would be run out in various directions across the country to the number of 200 a night. The bait was rolled oats, and the animals captured gave an index of the relative number of each species of mammals present in the locality. Most of the species were nocturnal habits, only the squirrels, chipmunks and rabbits being diurnal.

The investigators kept record of the food, economic bearing, and habits of each species, resulting in considerable additions to scientific knowledge of the distribution and habits of the mammals, birds and reptiles in the San Joaquin district.

Almost 1500 specimens were brought back to Berkeley, and are being classified in the museum.

FOOTBALL HERO TO BE BENEDICT

"Jimmie" Schaeffer and Miss Bessie Eleanor Traub to Wed.

BERKELEY, June 20.—The wedding of Miss Bessie Eleanor Traub, formerly of New York, but a resident of Berkeley for the past five years, and "Jimmie" Schaeffer, football hero and athletic coach at the University of California, will take place tonight at the home of the bride's parents, Mr. and Mrs. Harry L. Traub, 2707 Dana street. The ceremony will be performed by Rev. E. L. Parsons of St. Mark's Episcopal church. Only the immediate families of the bride and groom will attend.

The romance began on the football field in the fall of 1906, when Schaeffer was a sophomore in college and a star player on both the baseball and football teams, and who later Traub had just arrived in California with her parents, after graduating from a girls' seminary in New York City.

Schaeffer has been coach for the California varsity for the past two years. While in college he was a member of the Golden Bear and the Winged Helms honor societies and of the Alpha Delta Phi fraternity.

Following the wedding the couple will leave at once for Lake Tahoe, where they will spend a week before proceeding on a tour of the east. When they return they will take up their residence in the new home just completed in Los Angeles avenue, North Berkeley.

PARK CONTROVERSY LEFT TO COUNCIL

Mayor Noy of Alameda Will Remain On Honeymoon Few More Days.

ALAMEDA, June 20.—Mayor William H. Noy will not return from Glenside as soon as he had planned, but will extend his honeymoon several days longer. Tonight at the meeting of the city council, at which Councilman E. D. Bullock will preside, City Attorney A. F. St. Sure will render his opinion in regard to the park and playground commission having power to discharge employes without the sanction of the council.

This matter was laid before the council and the city attorney at the committee meeting Friday night by the park and playground commissioners, Rev. Willis and Captain Tibbets.

The controversy arose over the discharge of M. H. Dunn, head gardener in the employ of the city.

RICHMOND IS AFTER THE STATE HIGHWAY

RICHMOND, June 20.—D. W. McLaughlin, L. D. Dimm, William L. Brown and Dr. C. S. GENERAL PRYCE

FACES MURDER CHARGE

The Soldier of Fortune Is Also Accused of Arson and Violating Neutrality Laws.

LOS ANGELES, June 20.—When "General" C. Rhys Pryce arrived in Los Angeles today in the custody of C. T. Elliott, U. S. Marshal of San Francisco, to

Pryce made a general denial of the charges. He declared that Larroque was killed in a battle at Tijuana and that he personally had nothing to do with his death. Pryce was before U. S. Commissioner Van Dyke, but as no papers from Washington had arrived there was no formal arraignment today.

FIRST "HELLO" MAN DIES IN NEW HAVEN HOSPITAL

NEW HAVEN, Conn., June 20.—Fred A. Allen, who has been night chief operator for the Southern New England Telephone Company, is dead at a hospital here. He was the first operator in the New Haven exchange in 1878, and as this was the first exchange to be established in the world, he was the first operator working on an exchange board. He was 58 years old.

BILLIE BURKE IS WELCOMED BACK

Clever Actress Seen at Macdonough Theater in "Mrs. Dot."

The player and not the play was decidedly the thing at the Macdonough theater last night, when Miss Billie Burke opened her Oakland engagement in "Mrs. Dot." Maugham, the author, who did little with "Smith," seen here the other day, has done less with "Mrs. Dot," and we have the spectacle of a clever actress rising so far above her vehicle that the latter dwindles away to nothing at all.

Oakland audiences appreciate the art of Billie Burke and display their enthusiasm with a small meed of applause. Those who were among those present last night were content with nothing less than a curtain speech, and left the theater reluctantly. One cannot get enough of Billie Burke, it would seem.

"Mrs. Dot" deals with one Mrs. Worth, who sets her heart on marrying Gerald Halstane, despite his engagement to another. She overthrows all obstacles and gets the man, as she predicted she would.

As Mrs. Dot, Billie Burke is herself; she could be no more. And inasmuch as last night's audience giggled all evening, laughed aloud part of the time and smiled on the way home, it is to rejoice that the clever actress remains Billie Burke.

Her support, headed by Julian L. Es-trange, is all that could be asked of a metropolitan company. "Mrs. Dot" will be played tonight, tomorrow afternoon and evening. The advance sale is large, a tribute to the popularity of the actress.

DISPATCHERS IN ANNUAL MEETING

To Discuss Plan to Change the Association From Fraternal to Labor Organization.

BALTIMORE, June 20.—With delegates present from all parts of the country, the twenty-fourth annual convention of the Train Dispatchers Association of America began here today. The sessions will continue until Friday evening.

Chief among the subjects to come before the convention is a proposed amendment to the constitution, the effect of which would be to change the character of the association from a benevolent and fraternal to a labor organization.

PIONEER MANUFACTURER IS DEAD ACROSS BAY

SAN FRANCISCO, June 20.—Morris Solomon, a pioneer manufacturer and merchant of San Francisco, died Sunday morning after a protracted illness at his home, 2213 Geary street, surrounded by his family. He had been suffering from cancer for a long time, though the immediate cause of death was pneumonia. Solomon was born in Germany sixty-seven years ago, came to California more than fifty years ago, and has resided in this city since.

He was a member of Magnolia lodge No. 29, Independent Order of Odd Fellows, of Golden Gate lodge No. 129, Independent Order of Elks, and a contributing member of numerous charitable and philanthropic societies. He leaves a widow, Mrs. Augusta Solomon, and the following children: David Solomon, Mrs. E. M. Turner, Mrs. Walter A. Hyman, Isadore and Charles Lindeman.

DISCOVERY OF BOMB STIRS LOS ANGELES

LOS ANGELES, June 20.—A bomb made of gaspne 1 1/2 inches in diameter and 18 inches long, said by detectives in the district attorney's office to be filled with gun cotton, was found at the Hall of Records yesterday.

It was at this place that two sticks of dynamite attached to a clockwork firing device were found last September. Three men—Conner, Maple and Bender—were recently indicted by the grand jury for this alleged attempt to dynamite the structure.

The bomb found yesterday had wires running from a cap embedded in the explosive, and created excitement among the many workmen on the big building, which is nearing completion, and for several hours the entire force quit work and engaged in a hunt for other caches of dynamite.

CHILDREN PLAY WITH SLEEPING RATTLES NEAR

GOLD RUN, June 20.—A monster rattlesnake lay on the front porch of the residence of Mrs. Charles Fitch for several hours while children played on the porch and in the front yard. The youngsters paid no attention to the snake and the rattler lay apparently unconscious of their presence. Mrs. Fitch saw the snake in the late afternoon and summoned a farmhand, who dispatched it. It had nine rattles.

The club has given several successful parties during the winter season, and is looking forward to a delightful time Thursday.

The members of the committee who are helping to make the affair a success are Miss Cecelia Brown, Miss Ruby Hyett and Miss Florence Darling.

HILLSBORO MANSION DESTROYED BY FIRE

HILLSBORO, June 20.—A fire of unknown origin reduced the beautiful country home of Robert G. Bonestell, the San Francisco jeweler, to ashes late yesterday. The Bonestell property, which lies between the home of Captain John Barneson, the millionaire shipowner, and C. G. Whitney, the st refiner, is located in the heart of Hillsboro, and before the fire department had arrived the smart set had deserted the golf links and forsaken the tea tables to witness the spectacular blaze.

Besides the house two large barns were destroyed. The loss is estimated at \$30,000. Bonestell was in San Francisco at the time of the fire and the property was in charge of a caretaker.

SUBMARINE AND TORPEDO BOAT CRASH IN SOUTH

SAN DIEGO, June 20.—The submarine Grampus, Lieutenant J. P. O'Neil in command, rammed the torpedo boat Rowan, and itself had a narrow escape from being sent to the bottom with all on board late yesterday.

The little craft had been having its daily submarine practice, and on coming to the surface sighted the Rowan bearing down upon it. To have attempted to cross the Rowan's bow would have caused the latter to strike the Grampus on the side and cut it in two. Quick action averted a tragedy. Lieutenant O'Neil ran for full speed astern and put the Grampus' wheel hard to starboard.

The little craft turned sharply and rammed the Rowan on the starboard bow, punching a small hole in the hull. The damage to the torpedo boat is small. The Grampus was not damaged.

BIG TREES SOON TO BE UNDER FEDERAL CONTROL

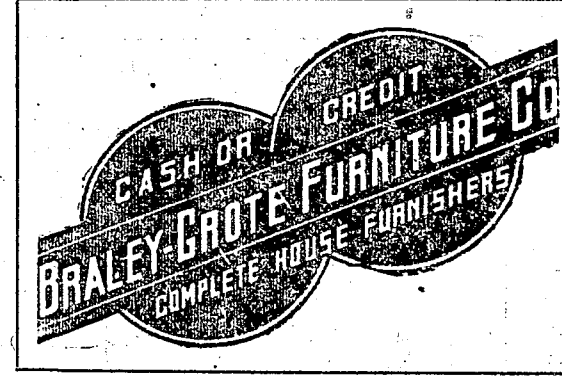

WASHINGTON, June 20.—Chief Forester Graves yesterday expressed the belief that the negotiations for the Calaveras grove of big trees, initiated a few days ago, will result in the transfer of that piece of property to the federal government for inclusion in a national park. One of the conditions of the transfer, it is understood, will be that if the government ever desires to divest itself of title to the property, it shall revert to the heirs of the present owner.

GRADUATED WITH HONORS. SAN FRANCISCO, June 20.—Alfred Roncovieri, Jr., son of the local superintendent of schools, has been appointed with special honors among the sixteen most successful students of the Medical College of the University of Pennsylvania and was graduated from the institution yesterday.

WILLIAM WILKINSON DIES AT SAN FRANCISCO HOME

SAN FRANCISCO, June 20.—William Wilkinson died at his home at 1855 Sutter street yesterday at the age of 72 years. He had not been in good health for the last year. Gastritis was the immediate cause of death. William Wilkinson was born in the year 1839 at Lincoln, Lincolnshire, England. During his early manhood he was a commercial traveler for the great Sheffield Cutlery Works of England, of which his brother was the manager. Coming to California in 1866, he identified himself with the shoe trade, and for many years had a place of business on Polk-street near Sutter.

In politics he was a Republican, and was elected to the office of supervisor in 1890, and he also held the first deputyship under City Auditor Eshbach. Former Warden Wilkinson of Folsom prison and Albert Wilkinson of Oakland are cousins of the deceased. His widow survives him.

BRIDGE TO BE SPEAKER AT CLUB MEETING

An important meeting of the Federal Improvement Clubs of Alameda county will be held tomorrow evening at the rooms of the Oakland Chamber of Commerce. Supervisor Bridge and County Surveyor Haviland have been invited to address the federation in reference to extending and beautifying the boulevards and roads of the county in connection with a part of the \$18,000,000 road fund authorized by the last legislature.

UNDER SECRETARY LOSES SEAT THROUGH FRAUD

LONDON, June 20.—Chas. F. Masterman, under secretary in the home office, today was deprived of his seat in the House of Commons of North Division of Westham by the law courts, which found that his election was aided by corrupt practices on the part of his agents. The judges said that no fault rested upon Masterman personally.

BOY OF 13 KILLS LAD OF 12. SANTA BARBARA, June 20.—Glen Wolgamott, aged 12, was instantly killed when struck in the pit of the stomach by George Haynes, aged 13. The boys were fighting and had exchanged a number of blows when the Haynes youngster landed the fatal blow. Haynes was arrested and turned over to the probation officer.

The Doctor and the Telephone

MANY lives are saved each year because the doctor is reached promptly by the Bell Telephone. From the information he receives by telephone he can give directions for emergency measures, and provide himself with the necessary medicines and instruments.

Consultations with Specialists are easily arranged by means of the Bell Long Distance Service.
